This Advance of Funds Agreement (this “Agreement”) is made and entered into by and between Navy Federal Credit Union, hereinafter referred to as “NFCU” and the Town of Vienna, hereinafter referred to as the “Town.” The primary objective of this Agreement is to make possible the commencement of the Town contracting with a construction management consultant and architectural/engineering professionals to facilitate the completion of the design and construction documents (“Design Documents”) for the proposed Aquatic and Fitness Center to be located at 301 Center Street, South, Vienna, VA, (the “Project”) through Town funding and donations.

The first Project task is to retain a Project Manager to assist the Town with the development the design, including the selecting of an architectural and engineering firm to develop plans for the construction of a public aquatic and fitness center.
