**Allowable Signage Area**

**OPTION 1**

**Sq. Ft. Signage:**  
**52.64**

**Sq. Ft. Allowance:**

Building-mounted sign area is that area within a single continuous rectilinear perimeter of not more than eight straight lines intersecting at right angles, that encloses the outer limits of all words, representations, symbols, and pictorial elements, together with all material, color, and lighting forming an integral part of the display or used to differentiate the sign from the background against which it is placed.

Signs are limited to one and one-half square feet of sign area or each linear foot of building frontage. No single sign may exceed 200 square feet in area
