

**This is the intended lighting to be used at this center.**

350W Equivalent Integrated LED Bronze Outdoor Residential Wall/Flood Light, 5000 Lumens

**PRODUCT DIMENSIONS**

**Highlights**

- 5000 lumens secure large residential and commercial areas, including entryways, patios, driveways, warehouse and building perimeters with 4000K of bright white light
- 45-Watt LED uses 80% less energy than than a 150-Watt metal halide or 70-Watt HPS bulb, for an annual energy savings of \$60

- Dual-control dusk to dawn photocell technology turns lights on and off automatically or using the manual switch
- Ideal when mounted 8 ft. to 15 ft. high to any standard junction box; multiple conduit entries for easy installation anywhere
- Universal 120-Volt operation
- Corrosion-resistant, die-cast aluminum rear housing with commercial-grade bronze finish; vandal resistant UV-stabilized polycarbonate lens
- 100% maintenance-free for more than 50,000 hours (about 23 years) of operation
- cULus-listed for wet locations
