

## **Vienna Town Council Priorities for 2026**

*Town Council Top Priorities are strategic goals that the Town Council believes are most important for the community. The Top Priorities are the Town Council's goals for initiatives that will realistically be initiated and significantly worked on in the current calendar year. Therefore, the list is limited and focused.*

### 1. Mobile Phone Coverage

Explore options for locations, providers, and zoning issues to improve mobile phone coverage in Vienna.

### 2. Communication

Update and improve our communication strategies and materials to ensure consistency and clarity in our engagement with the Vienna community, including residents and businesses, to foster transparency and partnerships.

### 3. Planning and Land Use

Develop a new Comprehensive Plan, including approaches to increasing the variety of housing options in Town. Make decisions about important issues that have been studied, including parking and lighting.

### 4. Parks

Continue to explore options and make decisions about maintenance and improvements to Vienna's parks informed by the Parks Master Plan. Key projects under discussion will be the Annex site on Center Street across from Waters Field; a possible welcome center on the W&OD Trail; the Beulah Road property; and the Robinson property.

### 5. Capital Budget

Conduct a thorough review, including historical analysis and projections for the future, for infrastructure projects and costs in the Town.
