

**Councilmember Brill Comments on Draft Chapter 27 – Tree Commission Ordinance**  
**REVISED**

I would like for it to be titled Tree Commission instead of Tree Board.

(a) delete "acting with the cooperation and advice of the Conservation and Sustainability Commission."

(d) delete "The Tree Commission shall meet one (1) hours before each CSC regular meeting." Substitute language is proposed, "The Tree Commission shall set the time, place, and length of its meetings."

8. Delete "To present an annual Tree Commission Activity Report to the CSC for presentation to the Town Council." Substitute language is proposed, "To present an annual Tree Commission Report directly to the Town Council that includes, but is not limited to: tree plantings; tree loss; status of town's tree canopy; and intermediate and long-term steps recommended to be taken to improve overall tree canopy."

Additional Comment: "I would prefer having the Tree Commission report to the Town Council twice a year."
