

Option 1	Option 2
<p>Maple Avenue is the Town's primary commercial corridor. When thinking about Maple Avenue, to what extent do you agree or disagree with each of the following descriptions? (Strongly agree, Somewhat agree, Somewhat disagree, Strongly disagree, Don't know)</p> <ul style="list-style-type: none"> • Maple Avenue should have more retail stores and restaurants • New development should include a mix of commercial and residential uses • Buildings along Maple Avenue should be designed to create a sense of place (strong identity and character) and should be no taller than three stories. • Buildings along Maple Avenue should be designed to create a sense of place (strong identity and character) and allow for four stories to attract a greater diversity of development options. • Sidewalks should be widened with landscaping and areas for outdoor seating 	<p>Maple Avenue is the Town's primary commercial corridor. When thinking about Maple Avenue, to what extent do you agree or disagree with each of the following descriptions? (Strongly agree, Somewhat agree, Somewhat disagree, Strongly disagree, Don't know)</p> <ul style="list-style-type: none"> • Maple Avenue feels like a unique, distinct commercial space compared to other communities in the region. • New development should include a mix of commercial and residential uses • Buildings along Maple Avenue should be designed to create a sense of place (strong identity and character). • Buildings along Maple Avenue should be no taller than three stories. • Buildings along Maple Avenue should allow for four stories to attract a greater diversity of development options. • Sidewalks should be widened with landscaping and areas for outdoor seating

How much of a priority should it be for the Town to address each of the following over the next 3-5 years?

(High priority, Medium priority, Not a priority)

- Increase the number of and improve public green spaces, parks and athletic fields
- Provide public parking opportunities in commercial districts
- Continue constructing sidewalks in the public rights-of-way to make Vienna a more walkable community
- Increase housing diversity beyond single family homes, such as apartments, senior facilities, multi-family dwelling units, age-restricted options, etc.
- Plant more trees along streets and on other public property
- Improve Vienna's cell phone coverage in areas with poor signal quality by allowing greater heights for cell phone towers on public property.
- Increase the town's maximum lawn height standard above the current 6-inch limit.
- Implement new standards allowing residential lawns to be converted into pollinator gardens or managed landscaping features that can grow as tall as 5 feet.
