SECTION 1. PURPOSE & OVERVIEW

The purpose of this Request for Proposal (RFP) is to establish a contract for a qualified consultant to review the former Faith Baptist Church located at 301 Center Street, South, Vienna, VA (Annex) and identify potential long term uses for the property including robust community engagement. The project budget is \$100,000.

The long-term use study report will be used as a basis for discussion and decision making by legislators and key town staff. Town leadership made this purchase for both identified needs, and to strategically add to town resources for future projects and developments. Leadership and legislators want to determine the best use for this property in the near and not-so-near future.

Key objectives include:

- Identify level of service and enumerate alternative uses for the property based on a variety of factors but not limited to:
 - Location
 - Surrounding neighborhood
 - Proximity to commercial corridors
 - Types of commercial and municipal facilities within a mile radius
 - Survey developed by the consultant
 - Availability of future operating and capital funding both with and without tax increases
 - Zoning ordinances in the Town Code
 - Fit into the Town’s comprehensive plan, and
- Align suggested uses with the Town’s latest strategic plan developed in 2019;
- Consider how proposed uses would impact traffic flow in the Town; and
- Consider how proposed uses fit with the Town and local capital area region.

The successful offeror should be innovative, fact and data driven and be able to offer a wide variety of options at different levels of funding, including the option of increased taxes (temporarily or permanently) if appropriate to fund the suggestions.

There are two other projects currently in process that offerors need to be aware of for impacts to this study. The Town awarded an RFP in July 2020, to Zone Co—a consulting firm—to reorganize and update the Town’s subdivision and commercial zoning ordinances, Chapters 17 and 18 of the Town Code, a process that is expected to take around two years. That project is still in the development phase, with final approval by Council expected in phases over the next fiscal year. The Town also awarded a contract to Nelson/Nygaard in June 2022 for a parking supply-and-demand study.

SECTION 2. BACKGROUND

Located in Northern Virginia and approximately 14 miles from Washington D.C., the Town of Vienna is an incorporated town within Fairfax County—adjacent to Tysons Corner (Northeast), Oakton and Fairfax City (Southwest), Merrifield/Mosaic District (Southeast) and Reston (Northwest). The Town is 4.4 square miles and home to approximately 16,473 residents with a median household income of \$155,490. In comparison,

Fairfax County is 391 square miles with a population of more than 1.1 million residents and a median household income of \$122,227.2

Vienna is primarily a residential community with at least 71 percent of the land developed for residential purposes, excluding rights-of-way. The Town has approximately 3.5 million square feet of commercial and industrial space—60 percent is used for professional office space, 30 percent of the space is used for retail, and the remaining 10 percent is used for industrial purposes. Vienna is also home to a diverse business base serving independent retailers and even the nation’s largest credit union, Navy Federal Credit Union.

Transportation Assets

One major transportation asset is located adjacent to Town’s limits—the Vienna-Fairfax-GMU Metro Station. It is on the western terminal of the Metrorail Orange Line and is conveniently located one mile southeast of the Town’s major business corridors. The Greensboro Metro station is approximately 1.5 miles from the Town limits, 2.5 miles from the center of Town. Another transportation asset is the WO&D trail.

Vienna is also in close proximity to three major airports within the Washington DC Metro area:

- Washington Dulles International Airport (8.5 miles away)
- Ronald Reagan Washington National Airport (18 miles away)
- Baltimore / Washington International Thurgood Marshall Airport (48 miles away)

History & Overview of Vienna’s Commercial Corridors

In the 1950s and 1960s, Maple Avenue—the main commercial corridor in Vienna—saw the rise of shopping centers. Almost twenty years ago, the Town completed a vision project for the Church Street corridor, adjacent to Maple Avenue.

The Church Street Commercial Corridor is parallel to Maple Avenue and primarily houses specialty shops; office buildings; a residential condominium complex; and a historic gift and museum shop and train caboose. Church Street is known for its traditional architecture and small-town “main street” feel. The vision project for Church Street and adopted guidelines over the last three decades for Maple Avenue has helped to drive development and the attraction of new restaurants and businesses.

In 2019, the Town of Vienna created a strategic plan and identified economic development as an area that could be enhanced to help promote the Town as distinctive, dynamic, and vibrant. Specifically, a strategic objective was created to hire an economic development manager to help address commercial vacancies especially within the main commercial and industrial nodes on Maple Avenue, Church Street, Mill Street, and Follin Lane.

In November 2019, the Town of Vienna hired its first economic development manager—fulfilling one step of the Town’s strategic vision and goals within economic development.

Residential Redevelopment

The Town has approximately 5,500 residential parcels, of which 82 percent are single-family detached homes. There are currently 489 apartment and condominium units and 76 townhouses in town.

The majority of Town housing stock was built post World War II, with another section built in the 1970’s and

1980's and a historical section with some houses dating back to the 1800's. Due to Vienna's location near jobs and in the nearly recession-proof national capital area, the Town has seen a massive residential rebuilding campaign since the early 2000's. This began before the recession of 2008 and picked up in volume after 2010. Over 100 parcels redeveloped each year, with the average sale price rising from \$600,000 - \$700,000 before improvement to over \$1.5 million after improvement. This redevelopment shows no sign of slowing down through 2022, with residential assessed values increasing 10.6 percent in 2022.

Also related to residential development, the Town adopted a zoning ordinance in 2014 known as the Maple Avenue Corridor or MAC voluntary zoning code. The goal of the MAC was to incentivize commercial redevelopment along the 1.5-mile Maple Avenue corridor that runs the length of Vienna from east to west and included a component for mixed-use, multifamily development as part of the projects.

Three mixed-use and one commercial MAC projects were approved using this incentive zone. The MAC Zone was repealed in 2020 due to various concerns from elected officials and citizens and the desire to address these concerns comprehensively with the zoning code update.

The approved projects with a residential component were a development of 151 apartments and commercial space at the intersection of Maple Avenue and Nutley Street, about a mile from the Vienna/GMU orange line metro station and the development of 44 high-end townhouses with retail at the intersection of Maple Avenue and Pleasant Street. The second project is partially completed and occupied, and the apartment project is expected to break ground in 2022. An assisted living facility with 85 units is under construction at the intersection of Maple Avenue W and Wade Hampton Drive SW.

A rezoning from single unit detached residential to multifamily zoning was approved in 2021 for a cottage housing style development of 12 duplex units and a clubhouse that is expected to break ground in 2022.

All indicators show that Vienna is a desirable place to live, and residents buying these high-end homes want services in town to enhance the work-play-live-shop-dine experience.

Property Details - Faith Baptist Church, 301 Center Street South

The Town had been in talks to purchase Faith Baptist Church, adjacent to the police station at 215 Center Street South for many years. The church decided to cease operations in September 2020 and sold the church on 3 acres of land to the Town. Previously, in 2014 the Town purchased the parsonage directly behind the police station and added the land to the station rebuild. A 29,000 square foot new police station will open in this summer. The Town's current use for the church is to temporarily house the police department during station construction from 2020 – 2022. The purpose of this study is to determine what to do with the property in the long term (10 years plus), which will drive what we do with it in the short term.

While the Town had hoped to acquire this property for the new police station, unfortunately the purchase was too late to be considered for the police station construction project. But the church property, located next to residential homes, across from the fire station and county owned ballfields, next to the police station and arts building and down the street from Town Hall could have many potential municipal uses. There is a 29,000 square foot church on the property with a full kitchen, gymnasium, classrooms, office space and a sanctuary with pews that could be used for performances. The potential uses should be addressed with and without the church building.

Financial Details

The Town funds capital projects with a 3 percent meals tax that is projected to generate \$3.2 million in fiscal

2022 and grow by 4-5 percent a year. The Town had built up a reserve in the fund to renovate the community center, completed in 2017 and build a new police station, completed this summer. There will not be sufficient debt capacity to fund a large new building or development at the site for another ten years at a minimum. A land-only use, such as rectangular fields could be financed in a shorter time frame.

The Town also has the capacity to increase the meals tax rate, either permanently or for a defined time. That is not the preferred method to deal with new capital projects, but it should be considered.

The Town has had an engineering firm produce a study to determine costs of making necessary improvements to the existing building to use the gym and sanctuary after the police move to their new station. Required improvements for an occupancy permit require a sprinkler system, a new HVAC system and the Town has determined a new roof is required, at a total cost of around \$1 million. The results of this RFP will help determine how much the Town is willing to invest to use the building before the long-term use can be funded.

While the Town desires a comprehensive work product, improvement work will not be started until Council reviews the results of the study, so time is of the essence.

Timeline

- General Plan Update – interviews with decision makers (key departments) on project organization and coordination – 30 days

SECTION 3. SCOPE OF WORK

The Town of Vienna will retain a consultant to identify potential strategies for the former church property.

A. Review Relevant Town Reports & Documents

The successful offeror should be familiar with the following documents and use relevant information to inform the economic development strategy and market study. The following documents can be accessed on the Town's website at: www.viennava.gov/ and are incorporated by reference.

- 2019 Town of Vienna Strategic Plan
- 2015 Town of Vienna Comprehensive Plan (Adopted May 2016; Amended February 2020)
- 2018 National Citizen Survey
- 2022 Capital Budget
- 2021 Annual Comprehensive Financial Report (ACFR) and audited financial statements
- Town of Vienna Fiscal Year 2022-23 Adopted Budget
- 2022 Bond Funding Credit Presentation (Attachment)
- WRA building study, 2022 (Attachment)- The church is not code compliant for public use.

B. Engage the Public to Reach Conclusions

The Town desires to hear from a cross-section of citizens, business owners, recreation groups, art groups, civic

associations, and other interested parties. We want a robust public engagement process that considers all voices. However, we expect the consultant to evaluate what is possible and practical and what is not for the site.

C. Provide a Comprehensive Report

It is up to the consultant to determine the structure and format of the final report and the number of potential alternatives for the property. Items to be considered include:

- Long range land use
- How the uses proposed tie in with the Town's Comprehensive Plan and Strategic Plan;
- Capital cost requirement for each alternative;
- Additional operating costs required for use proposed;
- Is it prudent to keep the existing building, demolish the building and build a new structure and for what use?
- Zoning constraints or challenges if the use would require a zoning change.
- Survey results
- Council Action Plan/Next Steps

Cost of each proposal should not be a limiting factor, but cost needs to be considered as a factor.

D. Present Report to Town Council for Discussion

The successful offeror will need to present the report to the Town of Vienna Town Council and attend a conference session meeting to discuss the proposed findings.

To accomplish the key objectives of this RFP, the successful offeror should have expertise and experience in feasibility and outreach studies of this nature and experience working with small municipal governments. Experience within the Washington DC Metro and the Northern Virginia Regions and other comparable jurisdictions throughout the nation is preferred.

In the proposal, the vendor shall provide the names, addresses and telephone numbers of at least three (3) other firms or local governments for whom this type of work has been performed in the past five (5) years.

SECTION 4. QUALIFICATION REQUIREMENTS

The Town of Vienna will consider, in determining the qualifications of a offeror, its record in performance of any contracts for the services into which it may have entered with the Town or with other public bodies or corporations; and, the Town of Vienna expressly reserves the right to reject the proposal of such offeror, if such record discloses that said offeror, in the opinion of the Town, has not properly performed such contracts or has habitually and without just cause neglected the payment of bills, or has otherwise disregarded their obligations to subcontractors, suppliers or employees.

The Town of Vienna will make an investigation as to the ability of the offeror to perform the work. The Town of Vienna reserves the right to reject any proposal, if the evidence submitted by, or investigation of offeror, fails to satisfy the Town that such offeror is properly qualified by experience and financial status to carry out the obligations of the contract and to complete the work contemplated therein. Conditional proposals will not be accepted.

SECTION 7. AWARD OF CONTRACT

The Town of Vienna Evaluation Committee shall engage in individual discussions with two (2) or more of the Offerors deemed fully qualified by the Evaluation Committee. Repetitive informal interviews shall be permissible. Such Offerors shall be encouraged to elaborate on their qualifications and performance data or staff qualifications pertinent to the proposed project, as well as alternate concepts.

At the discussion stage, the Town may discuss non-binding estimates of total project costs including, but not limited to non-binding estimates of cost of services.

Proprietary information from competing Offerors shall not be disclosed to the public or to the competitors.

At the conclusion of the informal interviews, on the basis of evaluation factors published in the Request for Proposals and all information developed in the selection process to this point, the Evaluation Committee shall select, in the order of preference, two or more Offerors whose professional qualifications and proposed

services are deemed more meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

Should the Evaluation Committee determine in writing that only one (1) offeror is fully qualified, or that one (1) offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that Offeror.

The award will be made to the responsible Offeror whose proposal, conforming to the solicitation, is the most advantageous and represents the best value to the Town of Vienna, costs and other factors considered.

The Town, as a municipal corporation of the Commonwealth of Virginia, is obligated and bound by the terms of this Agreement only to the extent that funds are lawfully appropriated therefore and are allocated and available to pay its obligations hereunder. In the event that and at such time as funds have not been appropriated or are not allocated and available to pay the Town's obligations under this Agreement, then the Town shall not be liable for any obligation to pay for the services referred to in this Agreement.

It is expressly agreed and understood that the selected firm is in all respects an independent Contractor as to work and is in no respect any agent, servant, or employee of the Town. The contract specifies the work to be done by the firm, but the method to be employed to accomplish the work shall be the responsibility of the firm.

When there is conflict between state or local contract language and federal rules, the federal-aid or most conservative rule prevail.
- B. Offeror certifies that it does not and will not during the performance of this contract violate (i) the provisions of the Federal Immigration Reform and Control Act of 1986, as amended, and § 40.1-11.1, Code of Virginia, which prohibits the employment of illegal aliens, and (ii) the provisions of Federal and State employment and wage hour laws. The contractor shall include and enforce the language in the last sentence in every subcontract issued under this contract and shall require the subcontractor to do the same.

4. RIGHT TO REJECT PROPOSALS

The Town expressly reserves the right to reject any or all proposals, to waive any informalities or irregularities in the proposals received, and to accept that proposal which in its judgment, best serves the interest of the Town.

5. PROTEST OF AWARD OR DECISION TO AWARD

- A. Any offeror may protest the award or decision to award a contract by submitting a protest in writing to the Procurement Officer or his designee, or other official designated by the Town of Vienna, no later than ten (10) days after the award or the announcement of the decision to award, whichever occurs first; provided, however, that no protest shall lie for a claim that the selected offeror is not a responsible offeror. The written protest shall include the basis for the protest and the relief sought. The Procurement Officer shall issue a decision within ten (10) days of the receipt of the protest stating the reasons for the action taken. This decision shall be final unless the offeror institutes legal court action in the Town of Vienna within ten (10) days of receipt of the written decision.

- B. If prior to award, it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The Procurement Officer or his designee, shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided. Where the award has been made but performance has not begun, the performance of the contract may be declared void by The Town. Where the award has been made and performance has begun, the Procurement Officer or his designee may declare the contract void upon a finding that this action is in the best interest of the Town. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance at a rate specified in the contract up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.
- C. Pending final determination of a protest, the validity of a contract awarded and accepted in good faith in accordance with this article shall not be affected by the fact that a protest or appeal has been filed.
- D. An award need not be delayed for the period allowing an offeror to protest, but in the event of a timely protest, no further action to award the contract will be taken unless there is written determination that proceeding without delay is necessary to protect the public interest or unless the proposal or offer would expire.

6. SUBCONTRACTING

If one or more subcontractors are required, the Contractor is encouraged to utilize small, minority-owned, and women-owned business enterprises. Upon contract award, the prime contractor agrees to make maximum effort to provide the names addresses of each subcontractor, that subcontractor's status as defined by the Town of Vienna as a small, minority-owned, and/or woman-owned business, and the type and dollar value of the subcontracted goods/services provided.

7. EXPENSES INCURRED IN PREPARING PROPOSAL

The Town accepts no responsibility for any expense incurred by the offeror in the preparation and presentation of a proposal and such expenses are to be borne exclusively by the offeror.

8. NONAPPROPRIATION

All funds for payments by the Town under this Contract are subject to the availability of an annual appropriation for this purpose by the Town Council. In the event of non-appropriation of funds by the Town Council for the goods or services provided under this Contract or substitutes for such goods or services, which are as advanced or more advanced in their technology, the Town will terminate the Contract without termination charge or other liability to the Town on the last day of the then current fiscal year or when the appropriation made for the then current year for the services covered by this Contract is spent, whichever event occurs first. If funds are not appropriated at any time for the continuation of this Contract, cancellation will be accepted by the Contractor on thirty (30) days prior written notice. However, failure to give such notice shall be of no effect and the Town shall not be obligated under this Contract beyond the date of termination.

9. CONTRACT MODIFICATIONS

- A. The Town may, upon mutual agreement with the contractor, issue written modifications to the scope of work with this contract, and within the general scope thereof, accept that no modifications can be made which will result in an increase of the original price by a cumulative amount of more than \$50,000.00 or 25%, whichever is greater, without the advance written approval of the Mayor and Council. (Section 2.2-4309 of Virginia Public Procurement Act).
- B. Should it be necessary in the best interest of the Town to make modifications, the same shall be covered by change order. The Contractor shall not begin work on any alteration requiring a change order until the written agreement, setting forth the changes/modifications, has been executed by the Town and the Contractor.
- C. If a satisfactory agreement cannot be mutually agreed to for any item requiring a change order, the Town reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the work.
- D. The Town may, in writing, omit from the work any item other than major items found unnecessary to the project and such omission shall not be a waiver of any conditions of the Contract nor invalidate any of the provisions thereof. Major items may be omitted by change order.
- E. The Contractor shall be paid for all work done toward the completion of the item prior to such cancellation, alteration, or suspension of work by the Town.
- F. A major item shall be construed to be any item, the total cost of which is equal or greater than ten percent (10%) of the total. The contract amount for each separate alternate shall be computed on the basis of the proposed quantity and the contract unit price.

10. HOLD HARMLESS CLAUSE

Proposals shall provide for the Contractor holding harmless the Town of Vienna and representatives thereof from all suits, actions, or claims of any kind brought on account of any injuries or damages sustained by any person or property in consequence of any neglect in safeguarding contract work, or on account of any act or omission by the Contractor or its employees, or from any claim or amounts arising or recovered under any law, bylaw, ordinance, regulation, or decree.

6. **TAXES:** The Town of Vienna is exempt from the payment of federal excise or state sales taxes on all tangible, personal property for its use or consumption.

The Purchasing Office will furnish a Tax Exemption Certificate (Form ST-12) upon request and if applicable to this contract.

7. **USE OF BRAND NAME OR EQUAL:**
 - a) Unless otherwise provided in the solicitation, the name of a certain brand, make or manufacturer does not restrict bidders/offerors to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the Town of Vienna, in its sole discretion, determines to be equal to that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.
 - b) The bidder/offeror is responsible to clearly and specifically indicate the product being offered and to provide sufficient descriptive literature, catalogs and technical details to enable the Town of Vienna to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid non-responsive. Unless the bidder/offeror clearly indicates in its bid/proposal that the product offered is an "EQUAL" product, such bid/proposal will be considered to offer the brand name product referenced in the solicitation.
 - c) It shall be understood that the burden of proof for an "equal" product shall be and remain the sole responsibility of the bidder. The Town's decision of approval or disapproval of a proposed alternate shall be final. Nothing herein is intended to exclude any responsible bidder, its product or service or in any way restrain or restrict competition.

10. **DELIVERY:** Proposal must show the number of days required to provide the services/reports as specified.

Failure to state delivery time obligates bidder/offeror to complete delivery in fourteen (14) calendar days or as specified. An unrealistically short or long delivery promise may cause a bid/offer to be disregarded. Delivery shall be made during normal working hours, 8:00 am to 4:30 pm Monday through Friday, unless prior approval for another time period has been obtained from Consignee.
11. **DEFAULT:** In case of failure to deliver goods/services in accordance with the contractual terms and conditions, the Town of Vienna, Virginia, after due oral or written notice, may procure them from other sources and hold the defaulting Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Town of Vienna may have.
12. **TOWN'S RIGHT TO TERMINATE THE CONTRACT:** The Contract may be terminated by the Town for any one of the following reasons:
 - a) If the successful bidder/offeror should be adjudged bankrupt, or make a general assignment for the benefit of its creditors, or if a receiver should

In such event, the successful bidder/offeror shall be liable to the Town for any additional cost occasioned by such failure or other default.

- b) In such cases, the successful bidder/offeror shall not be entitled to receive any further payment if the expense of finishing the contract requirements, including compensation for additional managerial and administrative services shall exceed the unpaid balance of the contract price, the successful bidder/offeror shall pay the difference to the Town.
- c) If the successful bidder/offeror should fail to make prompt payment to Subcontractor(s) for material or labor, persistently disregards laws, ordinances or the instruction of the Town, or otherwise be in substantial violation of any provisions of the Contract;
- d) Failure of the Contractor to promptly make good any defects in materials or work or any defects of any other nature, the correction of which has been directed in writing by the Town;
- e) Substantial evidence of collusion for the purpose of illegally procuring a contract or perpetrating fraud on the Town in the construction of work under contract.
- f) Prior to termination of the Contract, the successful bidder/offeror and their Surety shall be notified in writing by the Town of the condition which makes termination of contract imminent. Ten (10) days after this notice is given, if a satisfactory effort has not been made by the successful bidder/offeror or their Surety to correct the conditions, the Town may declare the Contract terminated and notify the successful bidder/offeror and their Surety accordingly.
- g) Upon receipt of notice of contract termination, the successful bidder/offeror shall immediately discontinue all operations. The Town may then proceed with the work in any lawful manner that they may elect until the project is final and complete.
- h) The Town reserves the right to take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method is deemed expedient. In such case, the successful bidder/offeror shall not be entitled to receive any further payment. If the expense of finishing the work, including compensation for additional managerial and administrative services, shall exceed the unpaid balance of the contract price, the successful bidder/offeror shall pay the difference to the Town. The expense incurred by the Town as herein provided, and the damaged incurred through the Contractor's default, shall be certified by the Town.
- i) Termination of the contract under this section is without prejudice to any rights or remedies of the Town.
- j) The Town reserves the right to cancel and terminate any resulting contract, in whole or in part, without penalty, upon 60 days written notice to the Contractor/ Consultant. Any contract cancellation notice shall not relieve the Contractor/Consultant of the obligation to delivery and/or perform on all outstanding services performed prior to the effective date of cancellation.
- k) Notwithstanding anything to the contrary contained in the contract between the Town and the successful bidder/offeror, the Town may, without prejudice to any other rights it may have, terminate the contract for convenience and with cause, by giving thirty (30) days written notice to the successful bidder/offeror.
- 1) In the event the Contract is terminated for cause related to the Contractor/Consultant's (or its Subcontractor's) hiring of unauthorized aliens, Contractor/Consultant hereby waives any claim to lost profits and the Town will proceed in accordance with subsections f) et seq. above.

13. **RIGHTS OF THE TOWN OF VIENNA:** The Town reserves the right to accept or reject all or any part of bids/proposals, waive minor technicalities/informalities and award the contract to the lowest responsive and responsible bidder or most qualified and best suited offeror to best serve the interest of the Town.

- c) In the event that suit is brought against the Town, its officers and/or its employees, either independently or jointly with the bidder/offeror, the bidder/offeror shall defend the Town, its officers and employees, in any such suit at no cost to them. In the event that final judgment is obtained against the Town, its officers, and/or its employees, either independently or jointly with the bidder/offeror, then the bidder/offeror shall pay such judgment, including costs and attorney's fees, if any, and hold the Town, its officers and employees, harmless there from.
