Bravo Bistro

landscapeforms®

Product Data Sheet

Bravo Bistro reinvents the traditional bistro chair and table in the new era of outdoor gathering. Inspired by the iconic design concept, we've incorporated more modern aesthetics and a greater attention to detail in engineering, manufacturing and choice of materials. So now, landscape architects, facility managers, restaurateurs and other designers of space have a compelling new option that offers classic ambiance with modernized styling, improved quality and durability, and competitive value.

Table

- Table ships fully assembled
- Freestanding, not surface mountable
- Stainless steel hardware and carbon steel components
- Durable nylon bumpers on table legs prevent scratching and wear, and add durability
- Nylon washers in between all components prevent wear and corrosion

Chairs (set of 2)

- Chairs (set of 2) ship fully assembled
- Freestanding, not surface mountable
- Stainless steel hardware and carbon steel components
- Durable nylon glides on seat pan prevent metal-on-metal contact and enhance durability
- Nylon bumpers on chair legs prevent scratching and wear, and add durability
- Nylon washers in between all components prevent wear and corrosion

Finishes

- All components are first e-coated, then powdercoated providing surface durability, resistance to scratching and corrosion, and protection from UV light and other elements
- Available in Cadmium and Carbon

To Specify

- After selecting Bravo Bistro, select product type, then select powdercoated color. Bravo Bistro tables and chairs can only be specified as freestanding. All units ship full assembled.

Material / Colors Sheet

Woodgrains (Exterior, No Finish)*

Domestically Sourced
Thermally Modified Ash

Ipe (P)

Jarrah (P)

Powdercoated Metal

Powdercoated Metal Pangard II® Polyester Powdercoat is a hard, yet flexible, finish that resists rusting, chipping, peeling and fading. In addition to colors shown, a wide selection of optional and custom colors may be specified for an upcharge.

* All colors and patterns shown are approximate and may vary from sample and final.

Woodgrains (Exterior, No Finish)

Exterior woods weather to a warm, pewter gray; no finish is applied so no maintenance is required. Available in Ipe, Jarrah, and Domestically Sourced Thermally Modified Ash (DSTMA); and if applicable, Redwood, Teak, or Alaskan Yellow Cedar. Pricing for standard woods and options varies. (P) = Premium Woods

* All colors and woodgrains shown are approximate and may vary

Parallel 42

Product Data Sheet

Compatible, interchangeable modules elegantly form the building blocks for activating outdoor space. Frame spaces, divide spaces, enliven spaces and spark social interactions—formal and informal, impromptu and planned. Parallel 42 creates settings around which complementary site elements support a variety of outdoor activities. Parallel 42 gives designers the freedom to approach any site as a blank canvas, the power to determine how the furnishing interfaces with the environment. Right-hand, left-hand, straight and wedge modules can be specified to meet at 30° or 45° angles, and include the option for backs and center arms that act as skate deterrents. The backs are substantial coined steel attached to the benches with no visible fasteners. They can be specified with a straight, left angle, right angle, or chamfered orientation. Parallel 42 is available in lpe, Jarrah or DSTMA wood, with powdercoated metal in a wide variety of colors.

Parallel 42

- Parallel 42 is a benching system constructed of choice of exterior wood, powdercoated metal supports, and optional backs and arms.
- Units sold individually as Left 30, Left 45, Right 30, Right 45, Wedge 30, Wedge 45, Straight, Straight with Right 45, and Straight with Left 45.
- Support frame, backs and center arm are powdercoated formed steel.
- Center arm was designed to also be a skate deterrent.
- Units can be freestanding or surface mounted.
- Units can be placed together to make configurations to meet a variety of applications.
- Left, Right and Straight units are 77" long.
- Wedge units are 67" long.
- Leveling glides are pre-installed for ready field adjustment.
- All bench units ship fully assembled.
- Rules for Configuring Benches:
 - Straight end bench should not be placed end-to-end with an angled bench.
 - Adding Backrests to benches where the angle of the two sides receiving backrests is less than 180 degrees, angled backs will be required.
 - Straight backs can only be used when the angle between the two faces receiving backrests is greater than or equal to 180 degrees.
 - Benches should only be configured with like angle benches (i.e.: 30 degree benches should only be used with 30 degree benches).

ROSA™

Product Data Sheet

Plants and planters play a critical role in the success of outdoor spaces. That's why Landscape Forms offers Rosa. Made from lightweight polyethylene (LMPDE), Rosa planters are affordable, inexpensive to ship and easy to work with on site. Ideal for high traffic areas, they won't chip or crack, and they're resistant to UV rays, moisture, corrosive substances and extreme temperature changes.

Planter

- Rosa planters may be specified freestanding or surface mount, with or without drain hole.
- View colors on our website or call for a color chart.
- Aggregate color incurs an upcharge.
- Custom aggregate colors not available.
- Custom solid colors available for an upcharge.

To Specify

- Select Rosa planter, size dimensions, freestanding or surface mount, with or without drain hole and color.
- To specify a custom color, call Landscape Forms.

Designed by Arno Yurk, IDSA, AIA

Rosa design is protected by U.S. Patent Nos. D408,322; D408,323
