Monday, March 6, 2023

8:00 PM

Charles Robinson Jr. Town Hall, 127 Center
St. South

Invocation: Reverend Dean Miller, Christ Church Vienna

Mayor Colbert called on Reverend Dean Miller, Christ Church Vienna, to provide the evening's invocation.

Pledge of Allegiance to the Flag of the United States of America

1. Roll Call

Present: 6 - Council Member Chuck Anderson, Council Member Ray Brill Jr., Council Member Nisha Patel, Council Member Steve Potter, Council Member Ed Somers and Council Member Linda Colbert

Absent: 1 - Council Member Howard J. Springsteen

2. Acceptance of the Minutes: No minutes for approval

3. Receipt of petitions and communications from the Public that are not on the Agenda. (Limited to 3 minutes per issue and no formal action can be taken this evening)

Mayor Colbert opened the floor for comments from the Public.

Duane Royal, 600 Hillcrest Dr., SW. opened his remarks stressing that he is not opposed to the Town sidewalk project, but also noted that the goal of sidewalks on every street is not the claimed panacea to good health, pedestrian safety, and community sustainability goals that the initiative is promoting. As a walker, he stated that Vienna sidewalks do not address speeding or stop sign rolling, and that any Town crosswalk, even with a cross walk signal, is a walker beware danger field. Sometimes drivers don't see walkers, sometimes they just don't care. What he is opposed to is the destruction of decades old trees in the name of community enrichment.

The Hillcrest Dr., sidewalk project (south side) will destroy, according to the Town study, twenty-six mature trees and approximately six additional trees that will eventually die from construction root damage. A project that pits new sidewalks against mature trees is a false choice. These trees, plus additional shrubbery and plants, will be replaced by a half mile strip of concrete sidewalk. The environmental impact, including carbon capture loss, heat retention increases, and biodiversity degradation, needs to also be addressed by the Council, particularly when projects are reviewed street by street. The Hillcrest Dr. environmental impact multiplied by the dozens of other new Town sidewalk projects is not an insignificant environmental impact. Hillcrest Dr. has never had a sidewalk in its' seventy-year history and, to date, this hasn't been a problem. According to Town study, Vienna has lost 163 acres of trees in the last ten years. The Town Council should not add to this loss. And, just to be clear, replacing a mature tree with a fifteen inch diameter

with a new three inch diameter tree does not, in any way, replace the tree canopy loss, at least not for another thirty to fifty years. "So, on behalf of our Hillcrest trees, our children, grandchildren and great grandchildren, I strongly request that the Town Council cancel the Hillcrest Dr. sidewalk project".

4. Reports/Presentations

Presentation of Trees in Vienna: A Review of Programs to Help Vienna Preserve and Manage its Tree Canopy.

Mayor Colbert introduced Brian Land, Vienna resident and attorney at Kirkland & Ellis LLP, and Christina Caplan, Chair of Vienna's Conservation and Sustainability Commission to present the Item for consideration by Council.

The pro bono project explored ways the Town of Vienna could enhance its ability to preserve and manage its tree canopy through retention, replacement, and the addition of trees, particularly in light of increasing teardown/new home development throughout the Town. Through interviews with stakeholders and tree experts, analysis of tree laws and programs, and review of tree reports and forestry plans prepared for neighboring jurisdictions recommendations were presented for consideration.

Mayor Colbert and Council thanked the group for their effort on behalf of the Town of Vienna. The report, findings and recommendations will be discussed at greater length during a Conference Session scheduled for this May.

A. Report and Inquiries of Council Members

Mayor Colbert opened the floor for comments from Council.

Council Member Potter requested follow-up on the red danger markings on the corner of Glen and Courthouse where the sidewalk is blocked due to loose, dangling wires. Christine Horner, Acting Director, Public Works, noted that Public Works is actively looking into this issue.

Council Member Patel requested an update on the sidewalk project on Church St. at Glyndon and Park St. Acting Director Horner indicated that the project is moving into the design stage. She will provide a more detailed schedule.

Council Member Brill thanked Leslie Herman, Director, Parks and Recreation for providing Council with the reports on the tree canopy and the Annex.

Council Member Somers requested feedback on any action that can be taken to improve the situation with the lot on Church St. where the home was destroyed by fire, particularly with attention to additional flare up. David Levy, Director, Planning and Zoning, indicated that his Staff have been in discussion with the owner who states that a new home is in the final design stages. Acceleration of demolition has been encouraged. Director Levy will provide confirmation from the Fire Marshal of site inspection against potential for fire reignition.
