Sharp's awarded Sourcewell Contract for Multifunction Copiers, Printers & Equipment enables our authorized MFP Dealers and direct sales offices, Sharp Business Systems, the ability to offer technology solutions to Sourcewell Members. This overview provides a summary and outline of the essential contract functions and various roles and responsibilities.

I) CONTRACT OVERVIEW

A. CONTRACT NUMBER

112124-SEC

B. CONTRACT TERM

1/11/25 – 1/10/29

C. DELIVERY

FOB Destination within 25 miles of
Authorized Dealer or SBS location

D. ORDERING ADDRESS

SHARP ELECTRONICS CORPORATION
c/o Local Authorized Dealer OR
Sharp Business Systems (Insert Name)
100 Paragon Drive, Box Q
Montvale, NJ 07645

Contact:

snapcustomerservice@sharpsec.com

II) CONTRACT SCOPE

A. USAGE & TERM

This contract may be used by any Sourcewell Member. Membership is open to State Governments & Political Subdivisions; Non-profit/tax-exempt Schools, Colleges and Universities; Non-profit/tax-exempt Hospitals and other Non-profit/tax-exempt Organizations.

[Click here to become a member](#)

B. AWARDED PRODUCT OFFERINGS

1. Multifunction Copiers and Printers
2. AQUOS BOARD Collaboration Displays, Projectors and Professional Displays

C. ANCILLARY PRODUCT OFFERINGS

Related ancillary products such as software solutions, vend equipment, card readers, etc. which will enhance the overall customized solution may be acquired under the Sourcewell contract. Allowance for ancillary products is ultimately the ordering member's decision and should comply with ordering member's policies. Ancillary products may not exceed 25% of total order value.

III) CONTRACT PRICING

A. EQUIPMENT

The basis for Sourcewell pricing is calculated on a percentage discount from Manufacturer Suggested Retail Price. Mainframe and Accessory discounts may differ.

SHIPPING CHARGES

All deliveries are F.O.B. destination as freight and handling charges are calculated into the pricing schedules. Portions of an order shipped due to back-orders are shipped at no charge.

B. PRICING

CEILING PRICING – The contract award is based upon ceiling pricing which may not be exceeded.

C. START-UP SUPPLIES

Start-up Supplies are NOT included. Installing local authorized dealer or Sharp SBS may charge for start-up supplies.

IV) ACQUISITION METHODS**A. PURCHASE****B. FINANCING OPTIONS**

Financing options may be offered directly by Sharp authorized dealers or SBS locations. Specific terms should be reviewed and approved by the Sourcewell member.

V) ORDER DOCUMENTATION**A. DOCUMENTATION****PURCHASE ORDER REQUIREMENT**

Purchase Orders must contain the following:

- Dealer (or SBS Branch) Name, Address, Email & Phone
- End User Name, Address, Contact, Email & Phone
- Itemized list of equipment and accessories with Contract Pricing
- Signed Lease Agreement, if applicable
- Tax-Exempt form where applicable

FINANCING OPTION

In addition to the requirements above, additional terms and conditions related to the agreed upon financing must be incorporated into the Purchase Order

OR a signed finance document must accompany the Purchase Order.

B. PAYMENT TERMS

Payment terms: Net 30 days

VI) DELIVERY, INSTALLATION, MOVES**DELIVERY**

Sourcewell member will confirm delivery, installation and acceptance of all products covered by each order, by signing a Delivery and Acceptance Certificate (D&A) which shows acceptance of the product(s) and allows local authorized dealer or SBS location to invoice for the product(s).

INSTALLATION

Purchase price includes standard installation within 25 mile radius of Authorized Dealer or Branch location. Additional installation charges may be applied if customer site is greater than 25 miles from Authorized Dealer or Branch location.

EXCESSIVE INSTALLATION

Installing local authorized dealer or SBS location may charge for excessive installation requirements, including rigging, access alterations, and access to non-ground floors via stairs. Any such excessive installation charges must be quoted to the Sourcewell member prior to the signature of any Order and shall be based on the actual expenditures.

NETWORK INSTALLATION

Network installation includes configuration of the Device for the proper network protocols, and installation of the appropriate print drivers on up to five (5) computers per device. Requests for network installation on additional devices will be

negotiated between the Sourcewell member and the servicing local authorized dealer or SBS location.

EQUIPMENT MOVES

Cost for equipment moves is dependent upon the distance of the move and the size of unit. One move (per life of installation) within the same building is provided at no charge. All other equipment moves will be negotiated and a cost estimate will be provided to the requesting Sourcewell member.

CUSTOMER TRAINING

Local authorized dealer or SBS location will provide 1 hour on-site initial training, depending on model and number of key operator participants. Additional training will be negotiated, and a cost estimate will be provided to the requesting Sourcewell member.

VII) SERVICE PROVISIONS

A. WARRANTIES & DOWNTIME

WARRANTY

Standard warranty is 90-days for all products offered, beginning with the date of acceptance of delivery. In addition, Sharp provides a Three Year Performance Guarantee for all orders placed under Sourcewell Contract 112124-SEC.

REPLACEMENT OF EQUIPMENT

If the MFP is not performing within the machine's design specifications and cannot be repaired by the Authorized Sharp Dealer and Sharp Service Technician, Sharp will replace the equipment with a like model with comparable features at no additional cost per the terms of the Three Year Performance Guarantee.

The 3-Year Performance Guarantee begins at the date of installation. All equipment must be maintained under a full Service Maintenance Agreement with a Sharp Authorized Dealer or SBS location, and operated using only genuine Sharp supplies and parts.

This guarantee applies to all products procured through and billed under the Sourcewell contract and is not applicable to equipment that has been damaged by accident or misuse, including improper voltage. If it is determined that the equipment was maintained using other than genuine Sharp supplies and parts, the 3-Year Performance Guarantee will no longer be valid.

LOANERS

If any Device is inoperable for more than (8) hours due to equipment malfunction, a Service Technician will determine if a Service Loaner is necessary. If required, a loaner device of similar speed and capabilities will be provided within (2) Business Days by the local authorized dealer or SBS location until such time as the inoperable device is operable.

B. SERVICE ZONES

STANDARD URBAN SERVICE

Service rates are calculated based on service zones. Standard Urban Service applies to units located within 25 miles from a service provider.

RURAL SERVICE

For units located 25 miles+ from a service provider, additional rates may apply.

VIII) SERVICE BILLING OPTIONS & METER COLLECTION

PURCHASED / FINANCED EQUIPMENT

Sourcwell service and supply pricing includes all parts, labor and consumables, except staples and paper.

Sourcwell Members may source a customized service contract directly from the installing Authorized Sharp Dealer or SBS Branch Location.

SERVICE ESCALATION

Annual maintenance agreement pricing may be increased up to 5% by the servicing Sharp Dealer or SBS Branch. This price adjustment will be based upon market conditions, age of equipment and potential price increases of parts and supplies.

METER COLLECTION

Meter read collection instructions will be presented during the installation / training process.

IX) END OF TERM RELATED ISSUES

SECURITY/END OF LIFE

Sharp's End-Of-Lease feature is standard on all advanced series MFPs. This feature ensures that all data is overwritten before returning, or relinquishing control of the MFP. After the erasing process is completed, the MFP will be rebooted automatically and a completion report can be printed.

HARD DRIVE REMOVAL / REPLACEMENT

As directed, the authorized servicing dealer or SBS location will remove the hard drive upon written direction from the Sourcwell member.

The hard drive will be provided to the Sourcwell member for their disposal. The cost of hard drive removal and replacement is \$350 per device.

X) CONTRACT DOCUMENTATION

Contract information is provided on [Sharp's customized Sourcwell website](#).

SHARP®

Color Multifunction Copiers & Printers

Ready to meet the needs of tomorrow's business, the BP-C131WD provides quality output with enhanced performance and reliability to get the job done seamlessly and securely, saving time and money. This desktop color document system is manufactured with approximately 50% recycled plastic, patented organic toner technology and enhanced energy efficiency rating above government requirements.

Features at a glance

- ◆ Productive Printing Speeds up to 31ppm
- ◆ Standard copy, print, scan and fax capability right out-of-the-box
- ◆ Compact design easily fits into small spaces for desktop or console configurations
- ◆ Scan two-sided color originals at speeds of up to 40 images per minute or scan two-sided black and white originals at up to 60 images per minute
- ◆ Offers up to three paper sources with available 800 sheet maximum paper capacity
- ◆ Intuitive 4" (diagonal) color LCD touchscreen offers print preview menu to print documents with precision
- ◆ Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and even notebook computers
- ◆ Supports printing PDF, JPEG, PNG files directly from a mobile device, USB drive or file server
- ◆ 50-sheet bypass tray for envelopes, labels and specialty media.
- ◆ Supports letter size, legal size and envelopes through the standard paper drawer or bypass tray
- ◆ True 600 x 600 dpi resolution
- ◆ Remotely oversee and automate device management with Synappx Manage on premise software
- ◆ Sharp Remote Device Manager (SRDM) provides administrators centralized control of networked document systems which allows limited remote access during system setup, security setting, troubleshooting, usage and status monitoring
- ◆ Standard PCL[®] 6 and PostScript[®] 3[™] compatible printing delivers clear, crisp professional output
- ◆ Convenient front-facing USB port provides easy access for direct printing from flash drives and thumb drives
- ◆ Dimensions 16.1" (w) x 16.1" (d) x 15.7" (h)

With higher speeds, enhanced security features and a smart controller design, Sharp color MFPs ensure compatibility with modern business requirements. The BP-C535WD and BP-C545WD compact color document systems are intelligently designed to offer advanced security and collaborative capabilities, coupled with exceptional output quality. These models offer the latest engine design, enhanced user experience and security features similar to larger devices.

Sharp's enhanced 7-inch (diagonally measured) full-flat touchscreen delivers an accurate, responsive user experience and provides easy access to features. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files and even utilize touchless operation with the Sharp Synappx Go app.

In today's ever changing work environments, it's vital to protect endpoint devices from security threats, which is why Sharp uses the latest technology to help ensure your data remains safe.

Features at a glance

- ◆ Productive Printing and Copying 35/45 PPM
- ◆ Paper capacity maximum: 2,350 sheets
 - Standard 500 sheet paper drawer and 50 sheet bypass tray
 - Optional: (3) x 600 sheet letter/legal/statement drawers
- ◆ Network ready PCL[®]6 and Adobe[®] PostScript[®] 3[™] printing systems deliver crisp, clear documents
- ◆ 100 Page Duplexing Single Pass Document Feeder
- ◆ 128 GB SSD
- ◆ Built-in Optical Character Recognition (OCR) function can convert scanned documents to text-searchable PDF, Microsoft[®] Office file formats and more
- ◆ Access popular cloud services, such as Microsoft OneDrive[™] for Business, Microsoft Teams, SharePoint[®] Online, Box.com, Google Drive[™], Dropbox and more with the Cloud Connect feature and Sharp Application Portal
- ◆ Print Support Application (PSA) is supported by Windows 10 and 11 which enables users to print without a print driver
- ◆ Compact PDF feature reduces file sizes of most scanned color documents, and decreases network traffic and storage
- ◆ Strong, multi-layered security such as system integrity check, intrusion detection, and optional Bitdefender antivirus help protect your data
- ◆ High Quality 1,200 x 1,200 dpi copy and print
- ◆ Dimensions: 19.5" (w) x 24.5" (d) x 27.5" (h)

Networked Digital Color Copier

Designed to fit today's diverse workstyles, the Essentials Series color document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, it's vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 26 / 31 / 36 / 45 PPM Black & White - 26 / 31 / 36 / 45 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi (802.11 ac) for stable, high-speed network communication
- ◆ 1,200 x 1,200 dpi resolution delivers razor-sharp text and graphics
- ◆ With the OCR Expansion Kit, you can easily convert documents to popular Microsoft® and PDF file formats. Add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- ◆ Advanced Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Sharp Color Consistency System - Advanced auto-calibration helps ensure color output is always at peak performance
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

Designed to fulfill today's diverse business needs, the color MX-C428F and MX-C528F document systems enable workers to collaborate and share information seamlessly and securely throughout the office environment. Enhance your office's output of professional-quality color content that gets the attention of your audience while saving time and money!

Features at a glance

- ◆ Productive Printing Speeds - 42 ppm (MX-C428F) and 52 ppm (MX-C528F)
- ◆ Standard copy, print, scan and fax capability right out-of-the-box
- ◆ Scan originals at speeds of up to 104 images per minute on the MX-C528F and 84 images per minute on the MX-C428F
- ◆ 100 sheet duplexing single pass feeder
- ◆ Offers up to six paper sources with available 2,850 sheet maximum paper capacity
- ◆ MX-C428F 7" (diagonal) and MX-C528F 10" (diagonal) color capacitive touchscreen with adjustable viewing angle offers smooth tablet-style interaction
- ◆ Built-in optical character recognition (OCR) on the MX-C528F allows users to convert a scanned document into a searchable format
- ◆ Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets laptops and Apple AirPrint
- ◆ Supports letter and legal size paper as well as envelopes through the standard paper drawer or bypass tray
- ◆ Built in double feed detection (MX-C528F only) and an optional convenience stapler enable users to easily manage their workflows
- ◆ Print popular file formats such as PDF, Word, Excel and PowerPoint directly from USB drives
- ◆ Standard compact PDFs dramatically reduce the file size of most color scanned documents
- ◆ Sharp Remote Device Manager (SRDM) gives administrators control of their networked multifunction printers (MFPs) and printers
- ◆ Dimensions 18.85" (w) x 20.9" (d) x 24.4" (h)

Designed to fit today's diverse workstyles, the Advanced Series color document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like optional double-feed scan detection and enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, it's vital to protect endpoint devices from security threats, that is why the Advanced Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 55 / 65 PPM Black & White - 55 / 65 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers

MX-7081 / MX-8081 Networked Digital Color Copier

The Sharp MX-7081 and MX-8081 color document systems are designed using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace. Built for high-volume environments, central reprographics departments and copy rooms, these document systems are complemented by the robust paper handling and productive output capabilities once found only in commercial print facilities. These models also offer leading-edge security features to help businesses protect their data and personal information.

Sharp's next generation Color Consistency System helps ensure brilliant color output, page-after-page and job-after-job, for repeatable, high-quality results. Businesses can rest assured that producing professional-looking color documents in-house can be easier and more economical than ever before.

The MX-7071 and MX-8081 high speed color document systems are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience and the confidence in knowing their jobs will come out right the first time, every time.

Features at a glance

- ◆ 75 / 80 PPM Black & White - 70 / 80 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 8,500 sheets
 - 3,100 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray, Two 500 sheet paper trays and One 100 Sheet Multi-bypass Tray
 - Optional 3,500 sheet letter-size large capacity cassette
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 5,000 sheet letter / legal / ledger / 12" x 18" large capacity 2 drawer tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ A powerful embedded Fiery® Color Print Server is available for environments that require precision color control and job management
- ◆ Supports the Sharp OSA® development platform
- ◆ The available Sharp MFP Voice feature enables users to control the device with simple verbal commands. Experience hands-free, voice-first interaction with Amazon Alexa.
- ◆ The Sharp Color Consistency System with next generation image process control delivers high quality color output and maintains optimum color balance and toner density page after page
- ◆ Quickly scan both sides of a document at once with the standard 300 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online, Box and Google Drive™, with the Sharp Cloud Connect feature.
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 240 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 49" (h)

From high-volume printing environments to busy in-plant facilities, the BP-90C70 and BP-90C80 Color Pro Series deliver the performance and features needed for today's demanding workflows. The latest Fiery® platform delivers enhanced efficiency and ease of use. Flexible paper handling and finishing options deliver professional results.

The large 15.4" easy-to-use touchscreen display is built on an award-winning design and delivers an accurate, responsive user experience. Integration with Fiery Command Workstation® makes job management and late-stage edits easy. The Color BP Pro Series leverages the latest image processing technology to help users execute jobs with ease and efficiency. The strong engine design delivers full rated-speed even on heavy media, enabling operators to speed through their work.

Utilize a wide range of Print-On-Demand applications to produce high-quality, edge to edge pamphlets, brochures, booklets and more. Expanded capability supports letter, ledger, and long paper sizes. Add Professional creasing and perforations with the optional GBC® SmartPunch™ Plus.

These models also offer a choice of three powerful print controllers, including the standard Sharp controller and two optional Fiery Print Servers operating the latest FS600 and FS600 Pro platforms giving customers the freedom to choose the right solution for their workflow requirements.

The BP-90C70 and BP-90C80 also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's multi-layered Security Suite can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 75 / 80 PPM Black & White - 70 / 80 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 3,500 sheet letter large capacity tray
 - Optional 5,000 sheet letter / legal / ledger-size large capacity tray
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Automatic firmware updates ensure MFP operation and features are up-to-date
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and finishing
- ◆ Large 15.4" (diagonally measured) multi-position touch-screen display with swing-out keyboard
- ◆ Low melt toner enhances image quality, color balance and density and provides higher performance and reliability
- ◆ Quickly scan both sides of a document at once with the standard 300 Sheet Duplexing Single-Pass Feeder
- ◆ Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ 2400 x 2400 dpi resolution delivers razor-sharp text and graphics
- ◆ Scans documents at up to 280 images per minute in both Black and Color
- ◆ Standard high-performance print controller with PCL® 6 and Adobe® PostScript®3™ included
- ◆ Auto duplex copying and printing up to 300 gsm through main paper trays and up to 360 gsm through optional trays
- ◆ Strong, multi-layered security features such as system integrity check, intrusion detection and optional Bitdefender® antivirus help protect your data.
- ◆ Dimensions 38-3/8" (w) x 30-1/4" (d) x 60-1/4" (h)

SHARP®

B&W Multifunction Copiers & Printers

BP-50M26 / BP-50M31 / BP-50M36 / BP-50M45

Networked Digital Copier

Designed to fit today's diverse workstyles, the Essentials Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, it's vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 26 / 31 / 36 / 45 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ 600 x 600 dpi resolution delivers razor-sharp text and graphics
- ◆ With the OCR Expansion Kit, you can easily convert documents to popular Microsoft® and PDF file formats. Add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Supports native Universal Print from Microsoft, with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service
- ◆ Optional Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays

Designed to fit today's diverse workstyles, the Advanced Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like multi-feed scan detection and enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, it's vital to protect endpoint devices from security threats, that is why the Advanced Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 31 / 36 / 45 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Automatic walk-up motion sensor wakes the machine from sleep mode so it's ready within seconds
- ◆ Award-winning 10.1" (diagonally measured) touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 300-sheet duplexing single-pass document feeder offers double feed detection (optional) and scans documents at speeds up to 280 images per minute
- ◆ Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™, and Dropbox
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold
- ◆ Wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ 1200 x 1200 dpi printing produces razor-sharp documents
- ◆ Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- ◆ Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 34" (h)
(Measurements for base model without Stand)

The simply smarter BP-B540WR and BP-B550WD compact monochrome document systems deliver advanced security and collaborative functionality with high-quality output. These models provide users with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger multifunction printers, both models deliver the user experience needed to meet the requirements of today's hybrid work environment.

Sharp's easy-to-use touchscreen display is designed to deliver an accurate responsive user experience, imperative for today's sophisticated workflows. The BP-B540WR/B550WD utilize modern technology to help users get their work done with ease and efficiency. Innovative features and enhanced auto skew correction ensure jobs come out right the first time, every time.

In today's ever changing work environments, it's vital to protect endpoint devices from security threats, which is why Sharp uses the latest technology to help ensure your data remains safe.

Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files and even utilize touchless operation with the Sharp Synappx Go app.

Features at a glance

- ◆ Crisp black-and-white copies at speeds of 40 PPM (BP-B540WR) and 50 PPM (BP-B550WD)
- ◆ Paper capacity maximum: 2,350 sheets (letter and legal)
 - Standard 500 sheet paper drawer and 50 sheet bypass tray
 - Optional: up to 3 additional 600 sheet paper drawers
- ◆ 50 Sheet Reversing Single Pass Feeder (BP-B540WR), 100 Sheet Duplexing Single Pass Feeder (BP-B550WD)
- ◆ Both models can feed letter, legal, statement and business card sized original documents
- ◆ Customizable Touchscreen display enables easy access to features and functions when setting up jobs
- ◆ Built-in Optical Character Recognition (OCR) function can convert scanned documents to text-searchable PDF format, Microsoft® Office file formats and more
- ◆ Direct print Microsoft Word, PowerPoint® and Excel® files with thumb drives, cloud applications, network folders and more
- ◆ Standard Compact PDF feature reduces file sizes of most scanned color documents and decreases network traffic and storage
- ◆ Access popular cloud services, including Microsoft OneDrive® for Business, Microsoft Teams, SharePoint® Online, Box.com, Google Drive™, Dropbox and more with the Cloud Connect feature and Sharp Application Portal
- ◆ PCL® 6 and Adobe®/Postscript® 3™ network printing
- ◆ Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and notebook computers
- ◆ Strong, multi-layered security such as system integrity check, intrusion detection, and optional Bitdefender antivirus help protect your data
- ◆ Dimensions: 19-3/8" (w) x 21-5/8" (d) x 22" (h) - BP-B540WR

Designed to fit today's diverse workstyles, the Essentials Series monochrome document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Sharp's award-winning touchscreen display offers an easy-to-use, accurate, responsive user experience imperative for today's sophisticated workflows. Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time. Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files, even utilize touchless operation with the Sharp Synappx Go app. In today's hybrid working environments, it's vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Features at a glance

- ◆ 55 / 65 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data
- ◆ Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Standard 100-sheet reversing single-pass feeder scans originals at speeds up to 80 images per minute
- ◆ Collaborate with hybrid workers using optional cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Optional wireless LAN supports 5GHz Wi-Fi for stable, high-speed network communication
- ◆ Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ Easily scan documents to Microsoft and PDF file formats, or direct print these file types from thumb drives and cloud applications with optional expansion kits
- ◆ Supports native Universal Print from Microsoft with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service
- ◆ Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows (optional)
- ◆ Flexible paper handling system supports media up to 300 gsm and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

The MX-B557F desktop monochrome document system produces crisp, high-quality output with exceptional ease of use. This model provides customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger machines, the compact MX-B557F delivers the productivity and performance you need in your home office or place of business.

Features at a glance

- ◆ Productive Printing Speeds up to 55 ppm
- ◆ Standard copy, print, scan and fax capability right out-of-the-box
- ◆ Easily fits into small offices or home workplaces in desktop or console configurations
- ◆ 200 sheet duplexing document feeder scans both sides of a document in a single pass for enhanced productivity
- ◆ Offers up to five paper sources with available 3,300 sheet maximum paper capacity (letter and legal)
- ◆ 10" (diagonal) color touchscreen with adjustable viewing angle offers smooth, tablet-style interaction
- ◆ Built-in optical character recognition (OCR) allows users to convert a scanned document into a searchable PDF file or into an editable Word file
- ◆ Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and even notebook computers
- ◆ Supports letter and legal size paper as well as envelopes through the standard paper drawer or bypass tray
- ◆ 1,200 x 1,200 dpi resolution produces razor-sharp documents. PostScript® 3™ drivers offer extensive job control
- ◆ Sharp Remote Device Manager (SRDM) allows administrators to have centralized control of the networked MFP in order to simplify installation and management
- ◆ Standard compact PDF feature dramatically reduces the file size of most color scanned documents resulting in decreased network traffic and efficient use of cloud storage
- ◆ Convenient USB port located in the front of the device lets users access the machine quickly when printing direct from a USB drive
- ◆ Dimensions 45.3" (w) x 27" (d) x 27.3" (h)

BP-70M75 / BP-70M90 Networked Monochrome Document System

The Sharp BP-70M75 and BP-70M90 high volume monochrome document systems enable workers to collaborate and share information seamlessly and securely. Enhanced access to cloud services such as Microsoft Teams makes it easy to streamline communication and enhance productivity with hybrid workers.

Sharp's easy-to-use touchscreen display is built on an award-winning design and delivers an accurate, responsive user experience, critical for today's sophisticated workflows. Innovative features like optional double-feed scan detection and enhanced auto-skew connection ensure jobs come out right the first time, every time. Easily access expanded cloud services, and connect with devices to enable touchless operation with the Sharp Synappx Go app.

These models use the latest security technology in today's hybrid working environments to protect endpoint devices from security threats. And with Sharp's multi-layered Security Suite, these models can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 75 / 90 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,700 sheets
 - 3,200 Sheets Standard Paper Capacity - One 1,250 sheet tandem tray, One 850 sheet tandem tray
 - Two 500 sheet paper trays and 100 sheet bypass tray
 - Optional 3,000 sheet ledger size large capacity cassette
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ Standard 300 sheet duplexing single-pass document feeder
- ◆ Scans documents at up to 280 images per minute
- ◆ Strong, multi-layered security such as system integrity check at startup, firmware attach prevention and optional Virus Detection Kit powered by Bitdefender to help protect data
- ◆ Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others
- ◆ Built-in retractable keyboard simplifies email address and subject line entries
- ◆ Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features
- ◆ Flexible paper handling supports media up to 300 gsm, allowing users to print on a wide variety of paper stock or media
- ◆ Smart controller design ensures MFP firmware is up to date by periodically checking for updates
- ◆ Collaborate with hybrid workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others
- ◆ Supports native Universal Print from Microsoft, enabling businesses to easily adapt to this popular cloud service
- ◆ Wireless LAN supports 5 GHz Wi-Fi for stable, high-speed network communication
- ◆ Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows
- ◆ 1200 x 1200 dpi resolution delivers razor-sharp text and graphics
- ◆ Dimensions 26" (w) x 30" (d) x 49" (h)
(Measurements for base model without Stand)

From scan-centric environments to in-plant copy rooms, the Sharp monochrome Pro Series MX-M1056 and MX-M1206 deliver advanced features that can help streamline your workflow like never before. These models are built on proven technology with award-winning reliability to handle the rigorous demands of high-volume environments.

The MX-M1056 and MX-M1206 include a large, high-resolution 15.4" color touchscreen display with integrated keyboard and touch pad that offers a user-friendly graphical interface with simplified Easy Modes, intuitive job management and quick access to network services. GBC SmartPunch™ Plus is available as a fully automated in-line punching system that dramatically streamlines workflow from printing to punching, perforating or creasing in one easy step. The powerful Fiery Print Server is available for advanced workflows and high productivity. Command WorkStation is fully integrated with the Sharp touchscreen for unmatched control and ease-of-use.

Features at a glance

- ◆ 105 / 120 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional Triple Air-feed 2 Drawer 2,500 sheet (each drawer) large capacity cassette - letter / legal / ledger / statement / 12" x 18" size
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ 300 sheet duplexing single pass feeder (DSPF) scans documents at up to 240 images per minute
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Print Engine Paper Catalog stores up to 1,000 media profiles for optimal print quality
- ◆ Adobe Embedded Print Engine technology, which direct prints PDF files from a variety of sources with greater performance and rendering accuracy
- ◆ Available Fiery® Print Server delivers performance-boosting features that shorten turnaround times
- ◆ High-performance print controller with included PCL®6 and Adobe PostScript 3
- ◆ Flexible paper handling system supports media up to 110 lb cover stock
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online, Box and Google Drive™, with the Sharp Cloud Connect feature
- ◆ Standard Job Management features make it easy to print on-demand as well as view jobs, retain jobs, combine jobs, select print settings and more
- ◆ Easily convert documents to popular Microsoft® file formats, as well as a variety of PDF formats, with standard OCR (optical character recognition) capabilities
- ◆ Leading-edge, multi-layered security features include Firmware Attack Prevention and Self Recovery, Application Whitelisting, and the convenient Sharp End-of-Lease feature, which erases all data from the device at time of trade-in
- ◆ Dimensions 45" (w) x 30-1/2" (d) x 60-1/4" (h)

PRESS SERIES COLOR PRINTING SYSTEMS simply smarter

Do more with color and expand your power of expression with industry-leading 6-color printing technology.

The **Color Press Series** from Sharp delivers unrivaled capabilities to digital printing. With stunning 4-color imaging that can be augmented with printing of up to 6 specialty colors in one pass, the Sharp Color Press Series can make your print jobs virtually come to life. Create a variety of metallic effects with Silver and Gold underlay or add bright Pink for an innovative, eye-catching design.

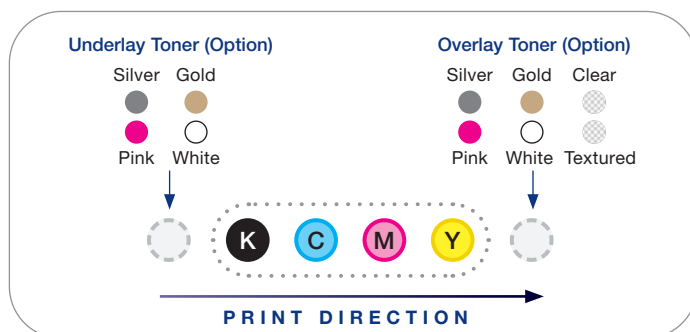

The BP-1200S Color Press Series shown in a full configuration.

Unleash your design potential like never before!

Superior imaging begins with stunning 4-color quality.

The Color Press Series is built on a proven CMYK system, making it the perfect choice for a broad range of digital jobs. Take on more specialty short runs without compromising.

- High-speed printing **up to 120 ppm** even when printing in 6 colors.
- Ultra-high output resolution at **2,400 x 2,400 dpi**.
- Supports **a broad range of paper stock** from 52 gsm to 400 gsm.
- Create eye-catching metallic colors with the **Color-Logic Metallic Color System™**, or add dazzling neon effects with the **Touch7 Neon Color System™**.
- **In-line sensor** (ILS) helps ensure precision registration, image stabilization and calibration, all at rated speed.
- Print professional **full-bleed documents and banners** with versatile finishing options.
- **27"** (diagonally measured) **high resolution** display provides easy operation and offers an engaging user experience.
- Small particle **toner delivers smooth reproduction**, balanced density and solid color fill.
- Powerful **Fiery print server** maximizes engine performance with superior image processing.
- **Time-saving purge function** automatically ejects misfeeds for jam removal that is virtually hands-free.
- Maximum **paper capacity** 13,250 sheets.
- Specialty toner can be layered together or combined with CMYK to create stunning **spot colors** and metallic effects.
- **Built-in cooling module** cools printed output during operation, to ensure proper finishing and stacking.
- Specialty toner cartridges can be easily swapped out enabling **fast changeovers** for custom jobs with virtually zero waste.
- **ENERGY STAR® 3.2** certified. Imaging products meeting this standard help contribute to a cleaner environment.

SPECIFICATIONS BP-1200C/1200S

Main Specifications¹

BP-1200C/1200S	Base models include 4,200 sheet paper capacity (2,100 sheets x 2 drawers). The BP-1200S is a 6-color printing system and the BP-1200C is a 4-color printing system, upgradable to 6-color.
Type	Full color, production printing system
User Interface	27" (diagonally measured) high resolution display with keyboard and mouse
Color Print Engine	BP-1200C is a 4-color system, upgradable to a 6-color system with options. BP-1200S is a 6-color system.
Print Speed	120 pages per minute (letter), 60 pages per minute (ledger).
Output System	Dry electrostatic transfer, dual component developing system.
Print Resolution	2,400 x 2,400 dpi
Paper Sizes	Max: 12.6" x 19.2", Min: 4.1" x 5.8"
Paper Weight	52 to 400 gsm (long paper 82 to 300 gsm is available as an option)
Paper Feed System	Standard: 4,200 sheets (2,100 sheets x 2 drawers) Optional: 250-sheet Multi Bypass Trays + 2,100-sheet x 2 drawer High-Capacity Feeder + tandem 2,100-sheet x 2 drawer High-Capacity Feeder, or 2,200-sheet x 2 drawer Air Suction Feeder + 250-sheet multi bypass trays + chained 2,200 sheet x 2 drawer Air Suction Feeder, or 2,200-sheet Air Suction Feeder + 900-sheet Banner Unit + chained 2,200-sheet Air Suction Feeder
Maximum Paper Capacity	13,250 sheets with options
Output Paper Capacity	500 sheets (standard)
Power Requirements	200-240 VAC, 60A, 60 Hz
Power Consumption	Max: 9.0 KW
Dimensions (Approx.)	Main Unit: 118" (W) x 44" (D) x 71" (H)
Weight (Approx.)	3,439 lbs.

Print Controller

Fiery Print Server	Based on Fiery FS400 Pro Platform
Type	External
CPU	Intel® Xeon® Dual 12 Core Processor
Memory	32 GB (max)
Storage Devices	SSD boot drive 480 GB for OS and Fiery software + two 2-TB Hard Disk Drives
Server Operating System	Microsoft® Windows 10 IoT Enterprise 2019 LTSC
Printer Description	Adobe PostScript 3, PDF/X-1a, 3, and 4; EPS; JPEG; TIFF
Language	
Microsoft Office Formats	DOC, DOCX, XLS, XLSX, PPT, PPTX, PUB (via hot folders)
Interface	Ethernet: 1000 Base-T/100 Base-T/10 Base-T USB 3.0 Ports: four on rear, three on Fiery QuickTouch panel
Network Protocols	TCP/IP, AppleTalk, Bonjour support, SNMP, Port 9100, IPP, FTP, SMB, WSD, point and print, print via email (PS/PDF), IPv6 support, LDAP authentication
Security Features	Secure Erase, Security Profiles, User Data Encryption, Port-based access control, 802.1x authentication, USB security prevents connecting external storage devices, Port Blocking, IP Filtering, IPsec, HTTPS, TLS1.3, Secure Printing, Digitally signed software updates.
Power Requirements	100-240 VAC (auto switching), 50/60 Hz, 6A
Power Consumption	600 W (Max)
Dimensions (Approx.)	9.25" (W) x 22.5" (D) x 20.75" (H)

High Capacity Feeders (BP-PT17/BP-PT18)

Paper Size (Feeder or Bypass Tray)	13" x 19.2" (Max), 4.1" x 5.8" (Min) Custom Size: 3.86" x 5.83" to 13" x 19.2"
Paper Weight	52-350 gsm (Feeder)
Paper Capacity	2,100 sheets x 2 drawers (Feeder) BP-PT17: 250 sheets (Bypass)
Power Source	BP-PT17: 100-120 VAC, 6A, 60 Hz BP-PT18: 100-120 VAC, 5A, 60 Hz
Power Consumption	BP-PT17: 880 W (Max) BP-PT18: 660 W (Max)
Weight (Approx.)	BP-PT17: 466 lbs. BP-PT18: 518 lbs.
Dimensions (Approx.)	39" (W) x 30" (D) x 39" (H)

Air Suction Feeders (BP-PT12/BP-PT13) and Banner Unit (BP-PT22)

Paper Size	13" x 19.2" (Max), 4.1" x 5.8" (Min) BP-PT12 Custom Size: 3.8" x 5.8" to 13" x 19.2", BP-PT13 + BP-PT22 Custom Size: 8.3" x 8.3" to 13" x 47.2" (Upper Tray), 3.8" x 5.8" to 13" x 19.2" (Lower Tray)
Paper Weight	52-400 gsm
Paper Capacity	2,200 sheets x 2-tray + 250 sheets (+ 900 sheets BP-PT13 + BP-PT22)
Power Source	100-120 VAC, 6A
Power Consumption	880 W (Max)
Weight (Approx.)	BP-PT12: 428 lbs., BP-PT13 + BP-PT22: 470 lbs.
Dimensions (Approx.)	BP-PT12: 39" (W) x 30" (D) x 39" (H) BP-PT13 + BP-PT22: 62.2" (W) x 30" (D) x 39" (H)

Tandem Air Suction Feeders (BP-PT14/BP-PT15/BP-PT16) and Banner Unit (BP-PT22)

Paper Size	13" x 19.2" (Max), 4.1" x 5.8" (Min) BP-PT14 + BP-PT15 custom size: 3.8" x 5.8" to 13" x 19.2" BP-PT14 + BP-PT16 + BP-PT22 custom size: 3.8" x 5.8" to 13" x 19.2", 8.3" x 8.3" to 13" x 47.2" (Upper tray)
Paper Weight	52-400 gsm
Paper Capacity	BP-PT14 + BP-PT15 2,200 sheets x 2-tray x 2 feeder units + 250 sheets BP-PT14 + BP-PT16 + BP-PT22: 2,200 sheets x 2-tray x 2 feeder units + 250 sheets + 900 sheets
Power Source	100-120 VAC, 6A, 60Hz x 2 power connections
Power Consumption	880 W x 2 feeder units (Max)
Weight (Approx.)	BP-PT14 + BP-PT16 + BP-PT22: 926 lbs. BP-PT14 + BP-PT15: 888 lbs.
Dimensions (Approx.)	BP-PT14 + BP-PT15: 78" (W) x 30" (D) x 39" (H) BP-PT14 + BP-PT16 + BP-PT22: 101.2" (W) x 30" (D) x 39" (H)

Finisher (BP-PP23)/Finisher with Booklet Maker (BP-PP24)

Type	BP-PP23 & BP-PP24: Output Tray- Sort/Stack, Finishing Tray-Sort/Stack, BP-PP24: Booklet Tray- Sort/Stack
Paper Size	Output Tray: (Max) 12.6" x 19.2", (Min) 4.1" x 5.8" Finishing Tray: (Max) 12.6" x 19.2", (Min) 5.8" x 8.3" Output Tray Custom Size: 3.8" x 5.8" to 13" x 47.2" Finishing Tray Custom Size: 5.8" x 5.8" to 13" x 19.2"
Paper Weight	Output Tray: 52 to 400 gsm. Finishing Tray: 52 to 350 gsm.
Paper Capacity	BP-PP23: 3,000 sheets not stapled (letter size)/200 sets stapled BP-PP24: 2,000 sheets not stapled (letter size) or 200 sets stapled, up to 2,000 sheets. Booklet tray 20 sets Output Tray: 500 sheets (letter size)
Staple	100 sheets (up to 90 gsm)
Punch	2-hole / 3-hole punch
Booklet Finishing	BP-PP24 only: Saddle Staple: 30 sheets, Single Fold: 5 sheets
Power Source	100-127 VAC, 3A, 60 Hz
Power Consumption	360 W (Max)
Weight (Approx.)	BP-PP23: 180lbs. / BP-PP24: 225lbs.
Dimensions (Approx.)	BP-PP23: 33.6" (W) x 28.5" (D) x 47.4" (H) With Folder Unit: 43" (W) x 28.5" (D) x 47.4" (H) BP-PP24: With Folder Unit: 44.4" (W) x 28.5" (D) x 47.4" (H)

Folder Unit (BP-PP22)

Paper Size	Z Fold Half Sheet 11" x 17", Tri Fold 8.5" x 11"
Paper Weight	60-90gsm
Paper Capacity	Tri fold- 30 sheets
Power Source	100-127 VAC, 1A, 60Hz
Power Consumption	120 W (Max)
Weight (Approx.)	106 lbs.
Dimensions (Approx.)	9.1" (W) x 28.5" (D) x 39" (H)

High Capacity Stacker (BP-PP17)

Paper Capacity	Output Tray- 500 sheets, Stacker- 5,000 sheets
Paper Size	Output Tray- (Max) 12.6" x 19.2", (Min) 4.1" x 5.8" Custom Size: 3.8" x 5.8" to 13" x 19.2" High Capacity Stacker- (Max) 12.6" x 19.2", (Min) 7.2" x 10.1" Custom Size: 8" x 7.1" to 13" x 19.2"
Paper Weight	Output Tray- 52-400 gsm, Stacker- 52-300 gsm
Power Source	100-120 VAC, 60Hz
Power Consumption	192 W (Max)
Weight (Approx.)	342 lbs.
Dimensions (Approx.)	31.5" (W) x 28.5" (D) x 41" (H)

Optional Equipment

BP-PE12	Fiery Controller, Spectrophotometer, Impose, Compose, and Graphics Arts Package
MX-PEKF	Fiery Workstation, Monitor, Keyboard, Mouse and Stand
BP-PW21	Fiery Specialty Color License Kit (for 5th and 6th colors)
BP-PT12	Air Suction Feeder
BP-PT13	Air Suction Feeder for Banner Unit
BP-PT14	Chained Air Suction Feeder (R)
BP-PT15	Chained Air Suction Feeder (L)
BP-PT16	Chained Air Suction Feeder for Banner Unit
BP-PP10	Offset Catch Tray
BP-PP11	Long Catch Tray
BP-PP12	Catch Tray Enabling Kit
BP-PP13	Interface Decurler Module
BP-PP14	Insertor
BP-PP15	Static Eliminator
BP-PP16	Static Eliminator Corotron
BP-PP17	High Capacity Stacker
BP-PP18	Stacker Paper Cart
BP-PP19	Accessibility Kit for High Capacity Stacker
BP-PP20	Top Tray Extension Kit for High Capacity Stacker
BP-PP21	Crease/Two-sided Trimmer
BP-PP22	Folding Unit
BP-PP23	Finisher
BP-PP24	Finisher with Booklet Maker
BP-PP25	Punch Module
BP-PP26	Stacking Guide for Output Tray
BP-PP27	Finisher Tray Extension Kit
BP-PP28	Banner Print Extension Kit
BP-PP29	Square Back Fold Trimmer
BP-PT10	Multi Bypass Tray
BP-PT11	Multi Bypass Tray for Banner Print
BP-PT17	High Capacity Feeder
BP-PT18	Second High Capacity Feeder
BP-PT19	Connection Module
BP-PT20	Docking Bracket Kit (for Air Suction Feeder)
BP-PT21	Position Adjuster
BP-PT22	Banner Unit for Air Suction Feeder
BP-PT23	Post Card Kit for Air Suction Feeder
BP-PT24	Post Card Kit for High Capacity Feeder
BP-PT25	Banner Feed Guide
BP-PT26	Banner Feeder Extension Kit
BP-PS14	Staple Cartridge
MX-SCX1	Staple Cartridge (For Saddle Stitching)
BP-PM11	Specialty Color Extension Kit
BP-PM12	Specialty Color Engine Kit (Overlay)
BP-PM13	Specialty Color Engine Kit (Underlay)
BP-PM14	Marking Module Kit
BP-PM15	White Marking Module Kit
BP-PM24	Media Expansion Kit
BP-PM16	Toner Enabling Kit (Clear)
BP-PM17	Toner Enabling Kit (Gold)
BP-PM18	Toner Enabling Kit (Silver)
BP-PM19	Toner Enabling Kit (Pink)
BP-PM20	Toner Enabling Kit (Textured Paper)
BP-PM21	Toner Enabling Kit (White)
BP-PM22	Starter Kit for Specialty Toner Exchange
BP-PM23	Storage Box for Specialty Toner

Supplies¹

BP-NT120BA	Toner Cartridge (Black)
BP-NT120CA	Toner Cartridge (Cyan)
BP-NT120MA	Toner Cartridge (Magenta)
BP-NT120YA	Toner Cartridge (Yellow)
BP-NT120LA	Toner Cartridge (Clear)
BP-NT120GA	Toner Cartridge (Gold)
BP-NT120SA	Toner Cartridge (Silver)
BP-NT120WA	Toner Cartridge (White)
BP-NT120TA	Toner Cartridge (Textured Paper)
BP-NT120PA	Toner Cartridge (Pink)
BP-DU120	Drum unit
BP-PS11	Toner Collection Container Unit

PRESS SERIES MONOCHROME PRINTING SYSTEMS simply smarter

Reach new heights of productivity and amplify your creative potential.

The **Monochrome Press Series from Sharp** brings sophisticated production features to black & white digital printing. With superior high-quality output and advanced finishing combined with multifunction copying and scanning, the Monochrome Press Series can elevate your business to new heights.

BP-1360M shown with a 3,000-sheet capacity stacking finisher.

250-sheet duplexing single-pass feeder.

BP-1360M shown with square back fold trimmer.

World-class production capabilities – all in an easy-to-use multifunction device.

- High-speed printing up to **136 ppm**.
- **Full-function** production printing with walk-up copying and scanning features.
- Ultra-high output resolution at up to **2,400 x 2,400 dpi**.
- Supports a **broad range of paper stock** from 52 gsm to 350 gsm.
- Onboard media catalog with space for up to **100 custom entries**.
- Toner cartridge can be changed on-the-fly **reducing downtime**.
- Print professional **full-bleed booklets** with versatile finishing options.
- Optional **Fiery print server** maximizes engine performance with superior image quality and processing power.
- **Front-to-back registration** is automatically aligned in real time for continuous precision and consistency.
- Maximum paper capacity up to **9,280 sheets**.
- **10.1"** (diagonal) **high resolution** display provides easy operation and offers an engaging user experience.
- Standard **250-sheet Duplexing Single-Pass Feeder** (DSPF) scans documents up to 270 images per minute (IPM).
- Scan documents to **multiple destinations** including email, folder, PC and USB.
- Small toner particles deliver **smooth gradations** and high density solids.
- **Strong security features** such as data encryption, secure data erase and Trusted Platform Module (TPM) help protect your data and personal information.
- **Cooling module** inside decurler unit cools printed output during operation, to ensure proper finishing and stacking.
- **ENERGY STAR® 3.2** certified. Imaging products meeting this standard help contribute to a cleaner environment.

SPECIFICATIONS BP-1250M/1360M

Main Specifications																					
BP-1250M/1360M	Base models include 250-sheet DSPF, 4,200-sheet paper capacity (1,200-sheet tray + 1,800-sheet tray + 2 x 600-sheet tray), 128 GB Solid State Drive, PCL® 6 and Adobe® PostScript® 3™ network printing, color network scanning. Black developer is included.																				
Type	Monochrome production printing system																				
Display	10.1" (diagonally measured) high-resolution touch panel display, 1,024 x 600 (WSVGA)																				
Functions	Copy, print, scan																				
Output System	Dry electrostatic transfer/Dual component developer/Magnetic brush development																				
Originals	Sheets and bound documents																				
Max. Original Size	11" x 17"																				
Output Size¹	Max. 13" x 19"																				
Copy Speed²	BP-1250M: 125 ppm BP-1360M: 136 ppm																				
(8 1/2" x 11")																					
Multiple Copy	Max. 9,999 copies

Original Feed	250-sheet DSPF with original size detection																				
Scan Speed	Up to 270 ipm																				
Original Sizes	Min: 4.1" x 5.8", Max: 11" x 17"																				
Paper Capacity	Standard: 4,200 Sheets/Maximum: 9,280 Sheets²																				
Paper Feed System	Standard: Tray 1 - 1,200 sheets/Tray 2 - 1,800 sheets (letter size), Tray 3 & 4 - 600 sheets each (ledger size, max. 12.6" x 19.2"). Optional: BP-PT10 Multi Bypass Tray - 280 sheets (max. size 12.6" x 19.2", min. size 4.1" x 5.8"). BP-PT12 Air Suction Feeder A3 - 2,400 sheets x 2 trays + 280 sheets (ledger size max. 12.6" x 19.2"). BP-PT27 High-Capacity Feeder A4 - 2,300 sheets x 2 trays (letter size), BP-PT17 High -Capacity Feeder A3 - 2,300 sheets x 2 trays (ledger size max. 12.6" x 19.2"), BP-PT28 High-Capacity Feeder A3 - 2,300 sheets x 1 tray (ledger size max. 12.6" x 19.2") – BP-1250M only.																				
Paper Weights and Types	Standard: Trays 1,2,3,4 – 52 to 216 gsm. Optional: BP-PT10: 52 to 350 gsm. BP-PT27 High Capacity Feeder A4 – 52 to 216 gsm, BP-PT28 High Capacity Feeder A3 – 52 to 300 gsm, BP-PT17 High Capacity Feeder A3 – 52 to 350 gsm, BP-PT12 Air Suction Feeder A3 – 52 to 350 gsm, Bypass Tray for BP-PT27, BP-PT28, BP-PT17 or BP-PT12 – 52 to 253 gsm. Supported paper types include thin, plain, high quality, recycled, pre-printed and pre-punched, and heavy.																				
Duplexing	Standard automatic duplex copying and printing																				
CPU	Multi-processor Controller																				
Interface	RJ-45 Ethernet (10/100/1000 Base-T), USB 2.0/USB 3.0																				
Memory	4 GB																				
Solid State Drive	128 GB																				
Copy Resolution	Scan: B&W/color: 600 x 600 dpi Copy: Output Resolution: 2,400 x 2,400 dpi																				
Exposure Control	Modes: Text, photo, text and photo, light text, transparency.																				
Halftone	256 gradations (monochrome)																				
Copy Features	Scan-Once Print-Many, auto paper selection, auto magnification selection, ID card copy, mixed size original, watermark, duplex scan, duplex copy, N-up copy, staple, punch, fold, offset stacking, background removal, book copy, edge erase, image shift, mirror image, negative image, image rotation, booklet creation, front/rear covers, multi-sheet poster, repeat image and overlay copy.																				
Account Control	Up to 1,000 user accounts. User IDs and passwords can be registered locally in the machine or with an external authentication server (such as LDAP).																				
Network Protocols	TCP/IP (IPv4, IPv6, IPsec), HTTP/HTTPS, IPP/IPP-SSL, FTP/FTPS, SNMPv3, SMTP/SMTP-SSL, POP3/POP3-SSL, LDAP/LDAP-SSL																				
Network and Data Security	Includes filtering, protocol filtering, port control, user authentication (local/LDAP/Active Directory), data encryption, TLS 1.3 Encryption, FIPS 140-2 support, Trusted Platform Module (TPM 2.0), restore all settings.

SHARP®

Desktop Printers

Ready to meet the needs of tomorrow's hybrid business, the BP-C131PW provides quality output with enhanced performance and reliability to get the job done seamlessly and securely, saving time and money. This desktop color printer is designed with approximately 50% recycled plastic, patented organic toner technology and improved energy efficiency.

Features at a glance

- ◆ Productive Printing Speeds up to 31 ppm
- ◆ Intuitive 4" (diagonal) customizable (through web page) color LCD touchscreen
- ◆ Compact design easily fits into desktop or console configurations
- ◆ Supports printing PDF, JPEG or PNG files directly from a mobile device, USB drive or file server
- ◆ Convenient front-facing USB port provides easy access for direct printing from flash drives and thumb drives
- ◆ Offers up to three paper sources with available 800-sheet maximum paper capacity
- ◆ Supports popular mobile technologies enabling users to easily print files from smartphones, tablets and notebook computers
- ◆ Supports letter and legal size paper, envelopes and labels through the standard paper drawer and bypass tray
- ◆ Remotely oversee and automate device management with Synappx Manage on premise software
- ◆ Sharp Remote Device Manager (SRDM) provides administrators centralized control of networked document systems which allows limited remote access during system setup, security setting, troubleshooting, usage and status monitoring
- ◆ True 600 x 600 dpi resolution
- ◆ 50-sheet bypass tray for envelopes, labels and specialty media
- ◆ Standard PCL® 6 and Postscript® 3™ compatible printing delivers clear, crisp professional output
- ◆ Dimensions 16.1" (w) x 16.1" (d) x 14.3" (h)

SHARP®

Managed Print Services

Managed Print Services

Customized Approach for More Efficiency and Control

Overlooking your print environment can be costly and inefficient, hindering your organization in the long run. Managed Print Services (MPS) from Sharp offer a consultative approach to manage your print infrastructure and maximize uptime, productivity and security.

Take Control to Cut Costs

All too often companies are unaware of how many printers they have or their actual spend on printing. A complete assessment by Sharp helps you understand the current state of your print infrastructure and your total cost of printing using first-class reporting and device mapping tools.

Optimize Your Print Environment

The entire lifecycle of your print fleet is managed by us. To improve cost-effectiveness and efficiency, Sharp removes redundant devices and replaces aging equipment. You can simplify the user experience by standardizing models and drivers from one device to the next and streamline support by consolidating all your maintenance contracts into one.

Before MPS - Unmanaged Print Environment

After MPS - Optimized, Right-Sized Fleet

Allow IT to Focus on Critical Projects

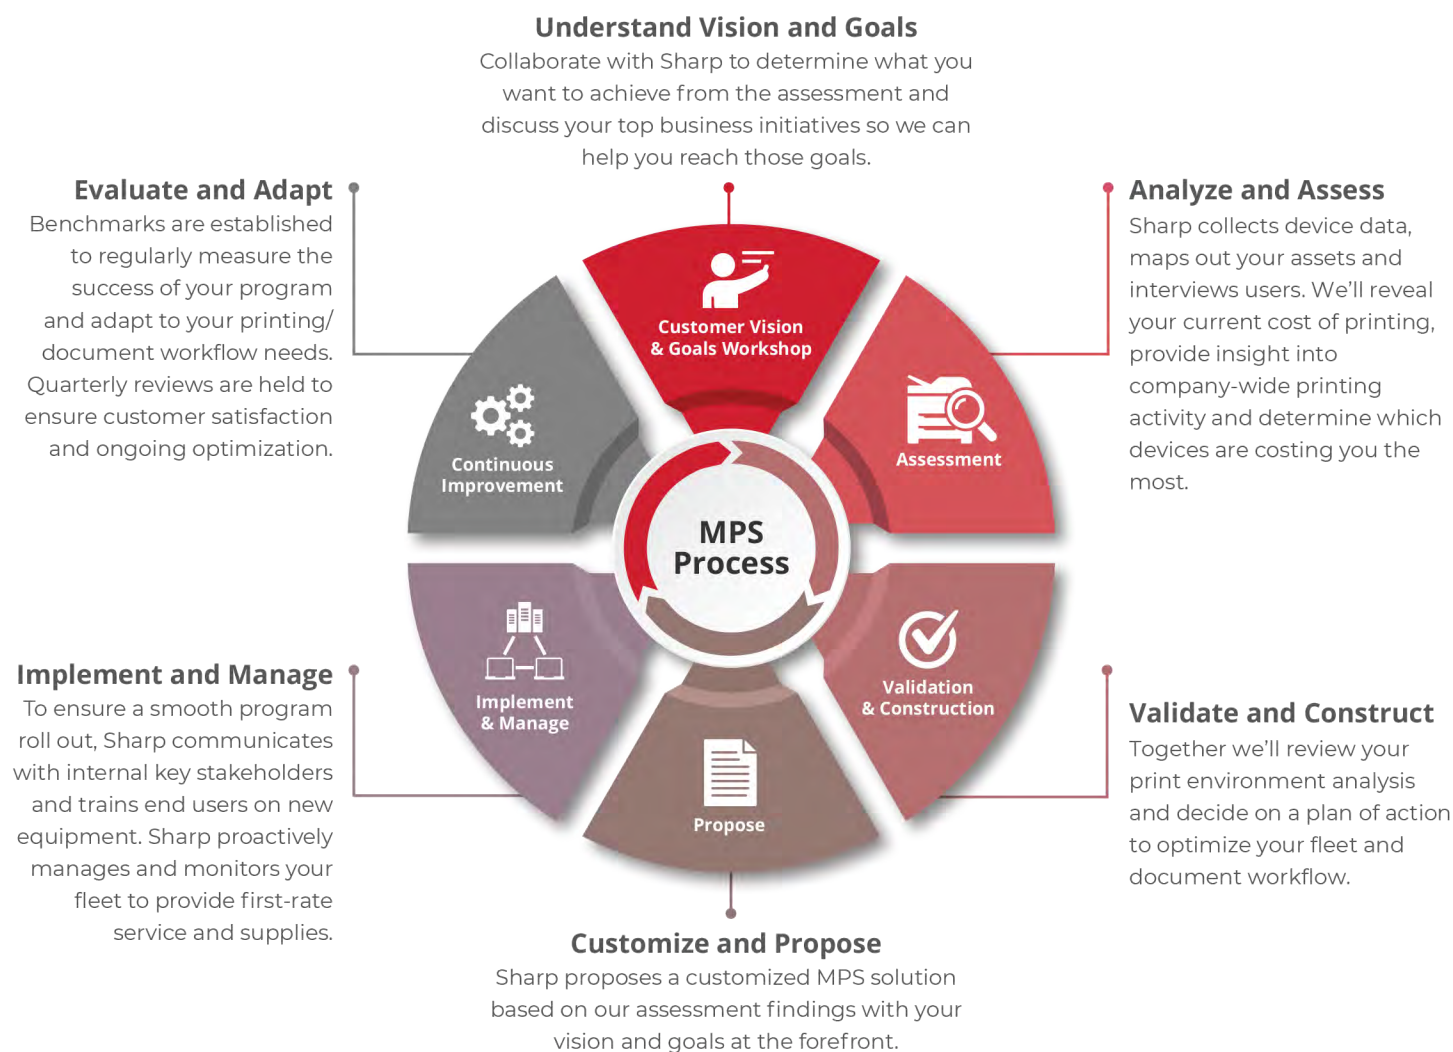

Sharp manages and maintains your fleet. This frees IT resources from printer-related issues and eliminates help desk calls to keep your team focused on key IT projects.

Streamline Support from One Partner

Gone are the days of processing invoices from multiple vendors. Sharp sends a single, predictable monthly invoice for an all-inclusive cost-per-copy plan. By only paying for what you print, we can help you experience a significant savings.

What would you like to achieve under an MPS program?

Let Sharp's systematic approach to your print environment help you reach your goals.

Experience the Benefits of Managed Print Services

- Know your true cost of printing
- Cut costs on devices, supplies and service
- Simplified budgeting for printing expenses
- Free up the IT department
- One vendor for all your printing needs
- Toner arrives just in time
- More uptime through proactive support
- Ongoing fleet optimization

Discover more about our MPS program and our complementary assessment today.

SHARP®
SYNAPPX

SPARK CREATIVITY AND INNOVATION WITH THE SYNAPPX COLLABORATION HUB EXPERIENCE

Today, your team members are on the road, working from home or right down the hall. To collaborate successfully, you need simply smarter meetings that spark creativity and innovation. This means making it easy for any user, no matter where they are working, to start, control and end meetings in a simple user-friendly way.

THE SYNAPPX COLLABORATION HUB EXPERIENCE DELIVERS:

CREATE DYNAMIC COLLABORATION SPACES

- » Mobile first, no laptop dependency
- » Works with Microsoft Teams, Zoom, Google Meet, and GoToConnect

LEAVE NO ONE BEHIND

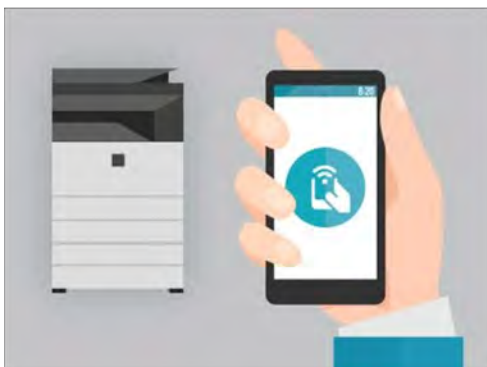

- » Instantly connect with all audiences
- » Dynamically share content with all attendees

SIMPLIFY MEETINGS

- » Tap to start (no login required)
- » Meeting control at your fingertips

Document

No need to learn how to use different copiers or follow complex login procedures

Collaboration

Your team can meet not only in a meeting room but also in a huddle area or cafeteria. Even hallways can become collaboration workspaces!

HOW IT WORKS:

STARTING THE MEETING

Instantly engage with audiences and establish connections.

- » One tap to start your scheduled meeting or ad hoc meetings
- » Your web conference automatically opens and begins on a meeting room display
- » Automatically connect to in-room audio and camera

DURING THE MEETING

Share, control and present with ease from the comfort of your phone.

- » Easily control the web conference including the microphone, camera and screen share from the Synappx mobile app
- » Share your files from your cloud storage (Microsoft Teams, OneDrive, Google Drive, etc.)
- » Access invite attachments, web pages, files from email or texts
- » Share and control content right from your mobile phone
- » Open and close pop-ups/browsers, control video playback (ie. Youtube) and more with the trackpad feature (beta).

ENDING THE MEETING

No need to worry about disconnecting, one tap and Synappx does it for you.

- » End web conference session
- » Close shared content
- » Bring the input back to default (if configured)
- » The room will reset to its original state deleting files created and browser history (when configured)

NP-PA1004UL-B-41	NP-PA1004UL with NP41ZL lens. Bundle includes PA1004UL projector and NP41ZL lens, BLACK CABINET, 5 Year Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$13,014
NP-PA1004UL-W	WUXGA LCD, 10,000 Lumen Advanced Professional Laser Installation Projector (THIS PRODUCT SHIPS WITHOUT A LENS) - 3,000,000:1 Contrast (with Dynamic Contrast), Laser Phosphor Light Source, 4K Ready, Center lens design, HDBaseT Input and HDBaseT Repeater, Dual HDMI, VGA, DisplayPort, 3D Sync, Motorized Lenses, Full Geometric Correction (Including Edge-blending and Stacking), WHITE CABINET, 50.7 lbs, 5yr Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$12,583
NP-PA1004UL-W-41	NP-PA1004UL with NP41ZL lens. Bundle includes PA1004UL projector and NP41ZL lens, WHITE CABINET, 5 Year Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$13,014
NP-PA1505UL-B	NEC's PA1505UL-B (black cabinet) is a 14,000-lumen (Center: 15,000lm) LCD laser projector with advanced professional installation features for higher education and corporate users. With its multitude of digital inputs, connection to any computer or high definition device is possible. Enjoy design and installation flexibility with a complete line of optional motorized lenses (lens shift, focus and zoom), roll free installation capabilities. The HDBaseT input provides a single connection for uncompressed full HD digital video, audio, ethernet power and various control signals. HDBaseT Repeater allows cascading of the signal for edge-blending or stacking applications.	\$16,260
NP-PA1505UL-W	NEC's PA1505UL-W (white cabinet) is a 14,000-lumen (Center: 15,000lm) LCD laser projector with advanced professional installation features for higher education and corporate users. With its multitude of digital inputs, connection to any computer or high definition device is possible. Enjoy design and installation flexibility with a complete line of optional motorized lenses (lens shift, focus and zoom), roll free installation capabilities. The HDBaseT input provides a single connection for uncompressed full HD digital video, audio, ethernet power and various control signals. HDBaseT Repeater allows cascading of the signal for edge-blending or stacking applications.	\$16,260
NP-PA1705UL-B	NEC's PA1705UL-B (black cabinet) is a 16,000-lumen (Center: 17,000lm) LCD laser projector with advanced professional installation features for higher education and corporate users. With its multitude of digital inputs, connection to any computer or high definition device is possible. Enjoy design and installation flexibility with a complete line of optional motorized lenses (lens shift, focus and zoom), roll free installation capabilities. The HDBaseT input provides a single connection for uncompressed full HD digital video, audio, ethernet power and various control signals. HDBaseT Repeater allows cascading of the signal for edge-blending or stacking applications.	\$19,319
NP-PA1705UL-W	NEC's PA1705UL-W (white cabinet) is a 16,000-lumen (Center: 17,000lm) LCD laser projector with advanced professional installation features for higher education and corporate users. With its multitude of digital inputs, connection to any computer or high definition device is possible. Enjoy design and installation flexibility with a complete line of optional motorized lenses (lens shift, focus and zoom), roll free installation capabilities. The HDBaseT input provides a single connection for uncompressed full HD digital video, audio, ethernet power and various control signals. HDBaseT Repeater allows cascading of the signal for edge-blending or stacking applications.	\$19,319
NP-PA804UL-B	WUXGA LCD, 8,200 Lumen Advanced Professional Laser Installation Projector (THIS PRODUCT SHIPS WITHOUT A LENS) - 3,000,000:1 Contrast (with Dynamic Contrast), Laser Phosphor Light Source, 4K Ready, Cinema Quality Video, Center lens design, HDBaseT Input and HDBaseT Repeater, Dual HDMI, VGA, DisplayPort, 3D Sync, Motorized and Manual Lenses, Full Geometric Correction (Including Edge-blending and Stacking), BLACK CABINET, 53.1 lbs, 5yr Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$8,623
NP-PA804UL-B-41	NP-PA804UL with NP41ZL lens. Bundle includes PA804UL projector and NP41ZL lens, BLACK CABINET, 5 Year Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$9,171
NP-PA804UL-W	WUXGA LCD, 8,200 Lumen Advanced Professional Laser Installation Projector (THIS PRODUCT SHIPS WITHOUT A LENS) - 3,000,000:1 Contrast (with Dynamic Contrast), Laser Phosphor Light Source, 4K Ready, Cinema Quality Video, Center lens design, HDBaseT Input and HDBaseT Repeater, Dual HDMI, VGA, DisplayPort, 3D Sync, Motorized and Manual Lenses, Full Geometric Correction (Including Edge-blending and Stacking), WHITE CABINET, 53.1 lbs, 5yr Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$8,623
NP-PA804UL-W-41	NP-PA804UL with NP41ZL lens. Bundle includes PA804UL projector and NP41ZL lens, WHITE CABINET, 5 Year Warranty (Can only be sold to authorized integrators and cannot be sold on the internet)	\$9,171

Select products may require additional installation in order to meet customized solution as agreed upon by customer and installing service provider. A separate price quote will be provided.

Professional Services are Now Available

Providing all of the tools you need for complete system integration

Sharp Electronics provides Sourcewell customers professional service assistance on a contract basis. Professional service assistance is provided in 8-hour (**DSERVICE**) and 4-hour (**DSERVICE-II**) blocks of time.

Professional services may include:

- Technical assistance installing Sharp hardware and/or Sharp software within large or complex network environments
- Special customization of Sharp software
- Assisting customer developers creating custom business applications using Sharp's OSA software development tools

However, DService and DService-II professional services are not used to install or configure third-party software, replace or augment customer IT personnel responsibilities, or to manage projects on behalf of a customer's own project management resources.

Contact your Sharp Government & Major Account Manager for more information on scheduling Professional Services at your location.

Professional Services Rates:

Full Day Service Fee (**DSERVICE**)

\$1,500.00 (Travel Expenses Additional)

Professional Services Hourly Rate (**DSERVICE II**)

\$175.00 per Man Hour with 4 hour minimum charge (travel expenses additional)

Please Note:

A Statement of Work is required before scheduling Professional Services at your location

A mutually signed statement of work is required to initiate a professional services engagement with a customer. The statement of work will specify the scope of the engagement, project milestones, a begin-date, an end-date, and requirements for each party involved in the engagement. The DService and DService-II units necessary to fulfill the engagement are determined based on the scope and requirements of the engagement.

ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

An Environmentally Responsible Approach to Product Design

Our document systems utilize Sharp's advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and downtime, resulting in lower operating costs. Energy-saving modes allow power to be reduced or shut off at set intervals. And, Sharp document systems are RoHS compliant to meet the latest green initiatives.

Special Recognition for Energy Efficient Product Design

In 2014, Sharp received special recognition by the US Environmental Protection Agency (EPA) for Energy Efficient Product Design. Sharp is recognized for its participation in providing valuable insight and information in ENERGY STAR®'s specification revision process and by demonstrating creativity in helping the EPA address and resolve technical challenges to build robust specifications.

Sharp Business Products are EPEAT® Certified

EPEAT (Electronic Product Environmental Assessment Tool) is a 3rd party global rating system for greener electronics that requires ongoing independent verification of manufacturer claims. Businesses, government agencies, schools, hospitals and other institutions are using EPEAT as the environmental benchmark to help them make informed purchasing decisions. By using EPEAT standards to purchase greener electronics, you will be assuring your organization's environmental sustainability goals and help to preserve our natural resources.

Sharp's Environmental Leadership

As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

Sharp's commitment to the environment sets a high standard for the industry.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit www.sharppusa.com/environment to learn more about our environmental leadership.

Toner Recycling Program

As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: www.sharppusa.com/recycle.

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

As MFPs and printers become a part of an organization's integrated document workflows and business processes, security becomes a serious concern. Securely managing business and user data is critical for corporations to be successful but that can add greater complexity as they are associated with various sources and formats.

Sharp helps IT managers minimize such concerns and optimize security management by providing integrated security features.

Data and Information Security

Standard MFP security coupled with the optional Data Security Kit (DSK) protects and controls the major MFP systems and subsystems (print, copy, scan, fax jobs, network settings, memory components, local user interface). The Sharp data encryption method uses the Advanced Encryption Standard (AES) algorithm 256* bit on all data before it is written to RAM and the hard disk drive. It also provides overwriting routines for deleted data to ensure that all information is virtually irretrievable by unauthorized users.

MEETING SECURITY STANDARDS AND CERTIFICATIONS

Security for Private Sector and Corporate Organizations

Sharp MFPs provide robust, complete control over information access, transmission and tracking to facilitate compliance with stringent mandates. By implementing the Sharp Security Suite, Sharp MFPs can help banks and investment institutions meet the privacy requirements of the Gramm-Leach-Bliley (GLB) Act. Insurance and healthcare providers can maintain Health Insurance Portability and Accountability Act (HIPAA) compliance with confidence. Businesses across all industries will benefit from the strict controls over financial information required under the Sarbanes-Oxley (SOX) Act.

Security for Public Sector and Government Organizations

Threats to government infrastructure are rapidly growing and the number of attacks continue to rise. On one hand, information sharing is critical for the efficiency of these organizations. On the other hand, security management is becoming more challenging for IT managers. Sharp can help your organization meet US government information security requirements through ISO 15408/Common Criteria certifications or features such as Common Access Card (CAC)/ Personal Identity Verification (PIV) authentication to maintain security clearance to protect classified data.

Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

* Encryption level is varies per model.
