Feit 48' LED String Light

Item 1806359

★★★★★ 4.8 (92) [Write a review](#)

Add charm and energy efficiency to any space with Feit Electric LED string lights. Designed for outdoor use, these lights are approved for durability in all weather conditions. Each 48-foot strand features a black cord with 24 sockets spaced 2 feet apart, plus 24 shatter-resistant LED filament bulbs (including 2 extras). The weatherproof sockets create a tight seal around bulb bases to help protect against moisture. A redesigned T-Connector makes installation easy—suspend from hooks, screws, or a guide wire. Connect to 30 sets. Sockets hang approximately 4 inches from the cord. Perfect for patios, porches, walkways, restaurants, and any space where warm, decorative lighting is desired.
