

To whom it may concern,

As a resident of a property immediately adjacent to the rear yard of 806 Plum St. SW Vienna, VA 22180 I hereby support the application for a variance from Section 18-219 of the Code of the Town of Vienna, 35 ft. rear yard setback in support of the proposed project to convert the current open deck with pergola to a covered deck. I have reviewed project plans and diagrams as shared with me, and I hereby attest the granting of the variance will not be of substantial detriment to myself as an adjacent property resident.
