A diagram of a building facade. It shows a brick wall with a window above a door. A red dashed line is drawn across the facade, indicating the height of the door frame. Another red dashed line is drawn across the facade, indicating the height of the window frame. A red dashed line is also drawn across the facade, indicating the height of the door frame.

A black lantern-style light fixture with a single light bulb. The fixture has a black metal frame with a peaked top and a hanging loop. A single incandescent light bulb is visible inside the lantern. The entire image is framed by a red dashed border.

The Warren one light outdoor wall fixture in textured black enhances the beauty of your property, makes your home safer and more secure, and increases the number of pleasurable hours you spend outdoors. A subtle interplay of traditional design elements creates the charming lantern aesthetic of the Warren outdoor family. The textured black finish paired with clear glass constructed in StoneStrong completes the look.

High-output, low profile, and infinite adjustment -- these small aperture downlights make elegant design statements in discerning residential, retail, and hospitality environments.

High-output, low profile, and infinite adjustment -- these small aperture downlights make elegant design statements in discerning residential, retail, and hospitality environments.

HABCO

Urban
Victorian
VL72 Post top, large

The **Hadco Victorian LED post top with EcoSwap** is a traditionally styled luminaire with a highly efficient LED light engine inside. This modern engine provides energy efficiency without sacrificing lumens for much needed safety along walkways in cities and neighborhoods. Allows for lower maintenance due to a longer life and fewer internal parts. This makes the VL72 with EcoSwap a fiscally economical choice for communities on a budget.

Ordering guide

Series	LED's	Generation	Finish	Optics	Photo control	CCT	Voltage	Drive current
VL72	42	G2					A	
VL72 Victorian (large)	42 42 LEDs	G2 Gen 2	A Black B White C Verde H Bronze I Gray J Green	3 Type III 5 Type V	E 120 VAC Button eye H 208/240/277VAC Button eye N None	730 Warm 3000K 740 Neutral 4000K	A 120-277 V	3 333mA 5 500 mA
