Notes/Comments

Only Council meeting and work sessions show as such on the Town Calendar were counted.
Joint meetings and additonal meetings and work sessions held but not on the Town Calemdar where not counted.
For 2024 we are at the same number of meetings as 2022. **We are not now seeing meeting mission creep.**
In 2023 because of Code Create we had two more meetings on March 24 and March 31, 2023.
We also had Code Create meetings on days we had work session and regular Council meetings.B14
