

TREE DONATION AGREEMENT

I, (donator’s name), of (donator’s address) agree to anonymously donate \$20,000 to pay the Town of Vienna to remove and replace 27 Bradford/Callery Pear trees in the Nutley Street median with the following Virginia native trees: Black Gum, Honey Locust, and Willow Oak (“the Nutley Median Tree Project”).

The Town of Vienna will use Parks and Recreation Maintenance staff to dismantle and remove the existing Bradford/Callery Pear trees that are currently located on the Nutley Street median. The donation will then be used for stump grinding, purchase, delivery, and planting the native trees, mulching, and other services outlined in the attached quote from Merrifield Garden Center.

If any portion of the donation remains after the replacement of the Bradford/Callery Pear trees, the money will be used first to replace the Chinese Pistache trees on Nutley Street with Virginia native trees and, if any funds still remain, the balance may be used to replace any of the Linden trees on Nutley that are in poor health.

All funds available to fund the Nutley Median Tree Project will be used to replace the 27 Bradford/Callery Pear trees by the end of fiscal year 2023. I understand and agree that the trees and replanting are on Town property and will become the property of the Town.

All payments shall be delivered to the Town of Vienna by check made out to the “Town of Vienna” upon signing this agreement.
