SURVEY CREW ON YOUR STREET

NOTICE TO HOMEOWNERS AND RESIDENTS ON NINOVAN AND TALAHİ ROADS SE

This notice is being sent to inform you that the surveyors will be in the area to begin work on the Ninovan and Talahi Road drainage improvement design.

To begin the design phase of the project, Urban LTD, working for the Town of Vienna, will begin field-surveying within the next two weeks. To ensure all underground utilities are surveyed, Miss Utility/Mid-Atlantic Utility Locating Co. will be locating and marking all lines for the surveyor. An existing condition drawing and design layout will be prepared after the surveying is complete. We will then set up a time to review the proposed design and any options with you.

If in the meantime you have questions, you may stop by the Department of Public Works in Town Hall or contact me by phone at (703) 255-6389 or email at mgallagher@viennava.gov. As the project moves forward, updates will be available on the Town's web site under the Public Works Projects list <http://index.aspx?NID=1232>.

Sincerely,

Michael Gallagher, PE
Director
