
Important Information Regarding Fairfax County Registration Fees

Pursuant to local ordinance, Fairfax County Code § 4-17.2-1, a local registration license fee is imposed upon every motor vehicle regularly garaged, stored, or parked in the county. For more information, go to www.fairfaxcounty.gov/taxes. The registration fee is shown on your personal property tax bill as "Local Registration Fee" and is due October 05, 2018. This is a Fairfax County local registration fee only - **there is no county windshield decal**.

Attention Town of Clifton, Herndon and Vienna Residents

Local town ordinances have been amended and there is no longer any requirement to display a local registration decal on vehicles regularly garaged within the **Towns of Clifton, Herndon and Vienna**. Although a windshield decal is no longer required, pursuant to Virginia law each town still charges a local registration fee. These fees are now prorated based on the purchase or sale of the vehicle, or relocation outside of these jurisdictions. Moreover, each town has entered into a compact with the County of Fairfax whereby the County is now collecting local registration fees on behalf of each town. The town fee, as applicable, is now shown on the same bill with any Car Taxes owed to the County of Fairfax. You can pay the combined amount of taxes and fees as shown on your bill to the Fairfax County Department of Tax Administration (DTA) in one check, cash or electronic payment and DTA will deposit the registration fees with the appropriate town. Current registration payments are no longer accepted at the town offices. If you have questions please visit www.fairfaxcounty.gov/taxes, or call 703-222-8234.
