Table of Contents

Project Goals	3
Existing Conditions	4
Design Vision	11
Site Improvements	24

Project Goals

- Improve customer experience, from street and parking area
- Address accessibility
- Increase visibility of all tenants
- Enhance signage to improve curb appeal

Existing Conditions

Physical Constraints

- Topography of existing site in relation to adjacent right of way
- Large parking lot / minimal landscaping
- Challenging tenant spaces with low ceiling heights
- 'Invisible' retail spaces
- 2nd floor office space

Existing Conditions

Location / Street Map

Cedar Park is located at the corner of Cedar Lane and Park Street – 1.5 miles from Maple Avenue

Existing Conditions

Location / Street Map

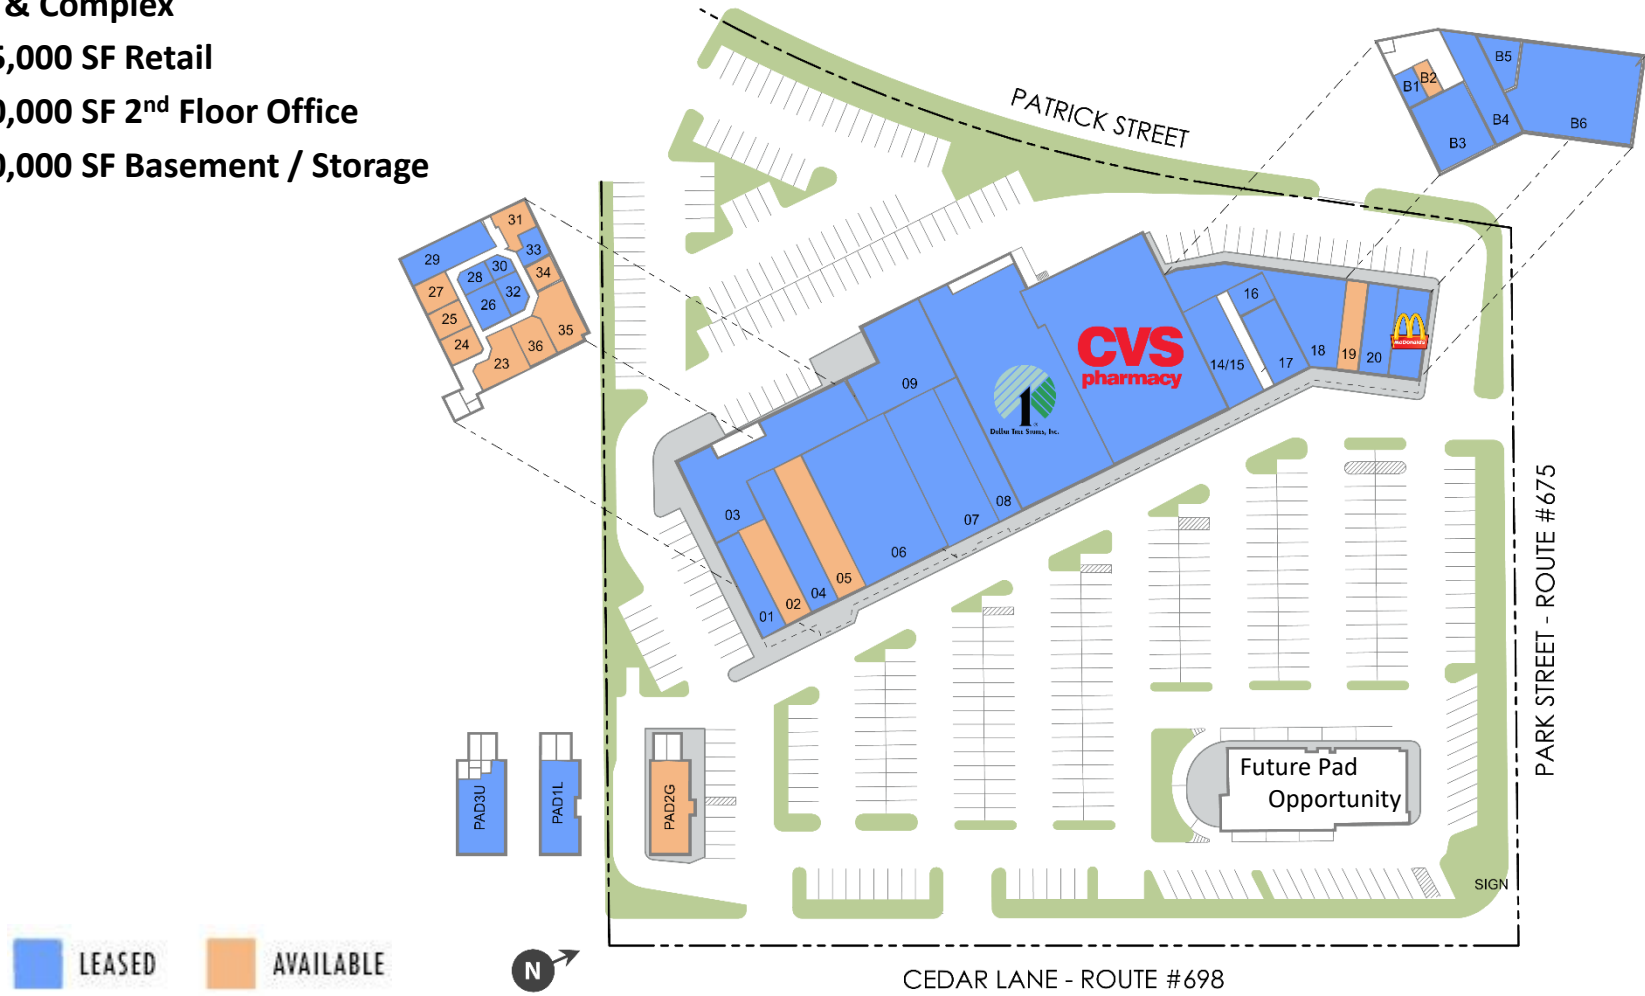

Existing Conditions

Lease Plan

Varied & Complex

- 55,000 SF Retail
- 10,000 SF 2nd Floor Office
- 10,000 SF Basement / Storage

Existing Conditions

- Cedar Park sits below grade of Cedar Lane and Park Street
- Parking layout could be more inviting
- Tenant signage should be improved: lighting, visibility, color

Existing Conditions

Existing Conditions

Design Vision

- Create an **improved small-town feel**
- **Build upon existing** architectural style and building materials
- Draw **inspiration** from **classic** design elements
- Forge a **unique and distinctive** environment
- **Enhance accessibility**

Design Vision

Project Direction

- Façade
 - Color and textures to increase visibility of retail spaces
- Accessibility
 - Relocate ADA parking spaces for an improved path of travel
- Signage
 - Renovate pylon at the intersection of Cedar & Park
 - Improve tenant signage for better visibility
 - Enhance signage for second floor offices
- Landscaping
 - Landscape islands along drive access lane and at the perimeter of parking lot
 - Bio-retention islands
 - Plantings and trees
