Project Information

Project Title

Pleasant Street SW Sidewalk

Provide a description of the project and a clearly defined scope of the improvements to be made utilizing Transportation Alternatives funds. Should additional space be needed, please use the Upload Supporting Documents feature. Label the document "Project Description".

The purpose of this project is to convert an existing street that is edge of pavement with no sidewalk to a curb, gutter and sidewalk roadway on one side. This proposed project will connect to existing curb and sidewalk infrastructure and provide approximately 500 lf sidewalk along with curb and associated storm infrastructure along the west side of the road Maple Ave W to Courthouse Road SW.

Select primary category of eligibility even if other categories may apply.

Construction of bicycle and pedestrian facilities

Does this project qualify as a “Safe Routes to School” project based on this criteria below?

- Eligible infrastructure activity
- Project is located within 2 miles of an elementary / middle school (K-8th)

Yes

Do you wish to pursue this as a SRTS project?

No

\$ Funding

Project Funding

Do you plan to use third-party donations to meet all or part of the 20% local match requirement?

No

►► Project's Readiness to Proceed

Project's Readiness to Proceed

Has design work started?

Yes

The ability to secure right of way (including easements) needed for a project is critical to a project's success; which of the following best describes the right of way situation for this project:

Right of way is privately owned but right of public use has been secured by deed (donated or purchased)
