LIVE MUSIC DESCRIPTION

Dear Council Members,

Blend 111 opened in May, 2019 to offer another quality dining experience in Vienna. Blend 111 offers a collection of the best food and wine from Spain, France, and Venezuela. Our kitchen is attached to its roots and has a creative spirit in constant evolution. With recipes collected over twenty years traveling the world, we seek transparency from our providers and personally visit winemakers, local farmers and producers to ensure that we receive the highest quality and best products. From the market, we seek out organic, biodynamic and sustainable ingredients. With a global spirit, we strive for consistency and innovation on the plate and in the grass.

Our intent with live music, which would be played for the enjoyment of dining patrons would be to add to the dining experience. Our focus would be on vocalists and string instruments. While much of this would be acoustic, some artists may require an amplifier so that the sound on instruments like a cuatro would carry to the rear of the restaurant. No amplification would be used on any percussion instruments.

Our music would be played inside only, as we have no exterior space. We do not have any windows that open and our doors always remain closed.

As shown in the attached Preliminary Live Music Schedule, the music is scheduled to be played no earlier than 10 am and no later than 11 pm Tuesday to Sunday. Musicians would set up and play in our lounge/bar area of the restaurant, approximately 800 square feet. Music will mostly be played during brunch Saturday or Sunday between 10:00 am and 2:00 pm, and during the week between 6:00pm and 11:00pm. In our building, our only neighbor that is open when we would be playing music is Anytime Fitness, and they are located mostly above the parking entrance, not directly above us.

Thank you very much,
