Re: Flagship Ventilation  
540 Maple Avenue  
Vienna, VA 22180  
Permit Number: 170370160

The addition of awnings at the first floor of the Flagship Carwash would adversely impact natural ventilation and air flow. We would like to preserve the existing openings as originally designed for cross ventilation and prevent the creation of dead air spots.

If you have any further questions or comments concerning this matter, please feel free to contact me at 703.359.9737. x115
