Project Description

Project Description: The project encompasses renovations of three existing entrances of the Navy Federal HQ 1 building. Two entrances, the Main Entrance and the Training Entrance will have expanded entrances by enclosing existing exterior bulkheads with

new weather locks, providing increased thermal performance and energy savings. The third entrance, at Level 1, will be a replacement of exterior glazing and doors at the existing entrance vestibule and exterior walls. All new doors are touchless, automatic sliding doors to minimize physical contact and promote social distancing.

Exterior Modifications Information

Nature of Proposed Work: Minor Facade Modification

Describe proposed improvements (including dimensions as necessary): The proposed improvements are exterior modification of three entrances of the Navy Federal Credit Union HQ1 building. Two entrances, the Main Entrance and the Training Entrance will have expanded entrances by enclosing existing exterior bulkheads with new weather locks. These new entrance vestibules will provide increased thermal performance and energy savings. The third entrance, at Level 1, will be a replacement of exterior glazing and doors at the existing entrance vestibule and exterior walls. All new doors are touchless, automatic sliding doors to minimize physical contact and promote social distancing.

Are any Fairfax County Building Permit application numbers associated with this application?: No

Fairfax County Building Permit Number(s):

Exterior Modifications Information
