Topics for Discussion

1. Rezone from “Transitional” (T) to “Residential Multifamily” (RM-2)?
2. 36 Units by right under RM-2. What are the density thoughts?
3. Is there a need for different sized and priced townhouses?
4. Any other topics outside of the neighbors, trees and storm water?
5. Do you agree that a new development will help storm water issues instead of hurt them?
6. Do you agree that this request would be a down zone from T to RM-2?
7. Do you agree that RM-2 (residential) would provide less traffic to the area than the T zone (Office Commercial)?
