Vienna VA 22180

Re: Sidewalks – Alma/Delano

Mr. Gallagher,

I'm writing to inform you of my strong opposition to the installation of sidewalks on Alma and Delano if installed in front of my home. (I've reviewed the report/studies online and my home is referred to 610 Alma, when in fact it's 610 Delano).

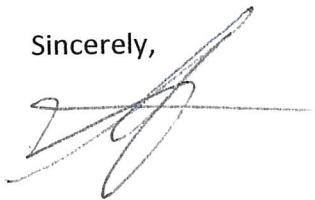

While I'm not opposed to sidewalks in general, in my case, I stand to lose 50% of my driveway and one parking space. (see attached photo from the report/study). I purchased my home specifically for the two-car garage and the ability to fit two cars in my driveway.

In addition to losing a parking space, the sidewalk will bring pedestrians within 12 feet of my garage reducing my privacy and being in sufficient distance from the street.

To conclude, I vehemently oppose the sidewalks being installed in front on my house. If the town approves the installation of a sidewalk in front of my house, I will have no choice to retain counsel.

Please confirm receipt of this letter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matt Sanders', with a stylized flourish extending from the end.
