**Subject:**

Consideration of Solid Waste Management Plan 5-Year Update.

**EXPLANATION AND SUMMARY :**

The Virginia Department of Environmental Quality requires updates of each community's Solid Waste Plan on a 5-year cycle. Some highlights from our 2015 plan:

- Vienna continues a high rate of recycling
- Successful implementation of single-stream recycling since the last plan update
- Successful implementation of same-day bulk item removal to replace Special Pickups since last plan update
- Approval of long-term solid waste disposal contract with Fairfax County

We plan to continue to improve sanitation service by streamlining publicity and the ability for citizens to interface on-line. In the most recent citizen survey, Vienna residents registered a high level of satisfaction with the current refuse and recycling program; no major changes are anticipated.
